## School Crossing Guards To be Hired

Order Issued Tuesday  
By Mayor after Council  
Disagrees on Exams

School crossing guards will be on duty at the usual intersections on the opening day of school in Granite City.

An order was issued by Council Chief Ronald Veizer on Tuesday to proceed with the hiring of guards despite the council's failure to authorize the action Monday night in disagreement over a new insurance policy regulation for annual physical examinations for all guards.

Mayor Parnsey said following Monday night's meeting that he instructed Chief Veizer to have the guards on duty for the opening day of school next week and for physical examinations to be completed before the guards go on duty.

**Basis of Dispute**

The examination, he explained at Monday night's council session, are needed to comply with the city's new insurance policy. Several aldermen contend the regulation applies only to newly-hired employees.

Debate on the issue arose as Chief Veizer spoke in defense of Police Lt. William Condis, who was publicly criticized this week by George Gallas sr., a crossing guard.

"First of all," Veizer said, "I want it to be known that as chief of the police department, I am in charge of the crossing guards."

**Chief Answers Questions**

Answering questions posed by Gallas in a letter to the Press-Record Forum column, Chief Veizer told the guards, who were in the audience at the council session, that Gallas' statement that

## Madison Gives Landfill Approval

Abel, Miller to Lease  
8 Acres of Bridge Land  
On Chouteau Island

The Madison city council authorized a 10-year lease contract with William W. Miller of St. Louis and Leo B. Abel of Madison to operate a landfill on Chain of Rocks bridge property. The action was taken during a meeting Tuesday night.

Terms provide that the city receive 10% of the gross income from the operation with a minimum of \$2000 per year, plus free dumping privileges to the city.

The terms also provide that the operators deduct \$80,000 from the gross income, to be amortized over a period of three years, as the amount spent for equipment and other expenditures regarded as capital investment. The operators are to purchase liability insurance in minimum amounts of \$100,000 and \$300,000.

The new landfill covers 8.1 acres of ground. It surrounds the Chouteau Island Landfill Co. operation which was approved this week by the Sanitation committee of the Madison county board of supervisors.

**Operations to Begin**

Abel said the operation will begin in three weeks to a month. Landfill permits were obtained by Abel and Miller from Madison county on June 19 and from the State Health Department on July 11.

The city of Madison previously held out for a flat 10% of the gross income after it was suggested that the operation would produce \$3000 per day. Jack Clifford, Madison county landfill administrator, had said the figure was way out of proportion.

Chief Miller, who is a resident of Madison, said the city has been leasing 120 acres of its bridge property to the Louis Globe farm for agricultural purposes and has been receiving about \$1000 per year on a share-crop plan.

**Residents Opposed**

Residents of the area have been strongly opposed to landfill operations and particularly of the volume of trash and garbage hauled here from Missouri.

With the approval of the city council action, Fred Segar, chairman of the Chouteau Island citizens association, remarked: "That's sure said and it looks like you can't beat those politicians. I thought Madison was going to hold out for an incinerator."

**Served in Offices**

He is past president of the Metro-East Juvenile Officers Association, which recently received him with an award for outstanding personal service above and beyond the call of duty in behalf of area children.

He is past president of the Pistol League and Marshall School PTA, has served on the board of directors of Coordinated Youth Services and was a member of the legislative committee of the IP&BPA.

In November 1959, he received citation for the apprehension

## Preliminary Census Report GC's New Population — 39,868 — Down 205

Granite City's population drop of 205 persons—disclosed during Monday night's council session with announcement of the preliminary results of last month's special census—is not as serious as in other municipalities throughout the nation, Mayor Parnsey is stressing.

While the special count was expected to show a gain over the 40,073 population figure of the 1960 federal census, the lower total of 39,868 "appears to be correct," the mayor said.

"We expect to regain that loss and climb over the 1960 figure by the time the 1970 census is taken," he added.

"The trend across the country is for population losses of 20% for municipalities. With the continued construction of apartment buildings and with continued annexations, Granite City will grow and someday extend all the way into the bluffs," the mayor predicted.

**Aldermen Stunned**

Most of the aldermen expressed amazement and called for a protest to be filed. "I talked to several families in my ward today, and I know of at least 12 persons who weren't counted," Fifth Ward Alderman Walter Norn stated.

The city is to notify the U. S. Census Bureau at Washington by next Monday and provide evidence if the special census figure is to be protested.

While it is not expected that ample evidence of possible errors or omissions can be compiled by that time, the council instructed the city clerk to file the protest before the final and official tabulation.

**Block-By-Block Recheck**

The city has requested a block-by-block count to comply with last February's circuit court order to restrict the city's eight wards to seven by December 1968, and it is hoped that a re-

view of the block count by the aldermen might provide sufficient evidence to revise the figure upward from the 39,868 total.

Certification of the new census figure will not be sought until the block count is verified. If the lower figure becomes official, the city stands to lose about \$1200 a year in motor fuel tax funds from the state. Cities receive about \$6 per person each year as a share of MFT.

City Atty. Allen was asked to determine how long the city can stall certification, since the next regular federal census is three years away.

Mayor Parnsey said it will be several weeks before the block-by-block statistics will be made available to the city, according to information he was able to get from the U. S. Census Bureau in Washington.

The mayor told council members

## Ten More Teachers Hired for GC Schools

Supply Contracts Let  
As District Readies  
For School Opening

The Granite City school board hired ten more teachers last night, accepted resignations of two teachers and a cafeteria worker and awarded a series of contracts for school supplies and services in preparation for opening of schools throughout the system next Wednesday.

Among other things the board approved a recommendation of Owen E. Humphrey, curriculum coordinator, that classroom teachers be paid \$5.18 per hour overtime for parent-teacher conferences during out-of-class time. The legislature turned down a bill that would have provided time of schools throughout the system next Wednesday.

A new schedule of rates for transporting physically handicapped students to special classes in East St. Louis was adopted, and a new 1967-68 school calendar was approved to include Columbus Day, Oct. 12, as a legal school holiday. School Superintendent B. J. Davis said the extra day would have to be made up during the year, probably during the Christmas vacation period.

**New contracts for purchase of liquefied petroleum gas required by the Mitchell school cafeteria, science supplies and general school supplies, and for leasing of four cars for driver training were approved.**

**Seven kindergarten teachers employed last night will be assigned to kindergarten classes. The new teachers for this assignment include: Donna M. Chambers, Cambridge, Ohio, B.A. degree; Mrs. Patricia Gonsky of 2812 East 34th street, B.S. degree; Betty JoAnn Lavelle, Rural Route 20, B.S. degree; Mrs. Sarah Jane Huber of 1708 Moro, B.S. degree; Mrs. Margaret Mulach of Rural Route One, B.A. degree; Mrs. Mary Ann Mowbray, 3412 Nametki road, B.A. degree; and Mrs. Ida Mae Weiss, 2584 Lynch avenue, B.S. degree.**

The board also approved employment of Mrs. Camille Emms of St. Louis, with a B.S. degree, as fourth grade teacher at Prohardt school; Robert P. Sweeney of St. Jacob, Ill., M.S. degree, as an industrial arts instructor at the high school; and Nancy Marshall of Alton, B.S. degree, as a vocal music instructor in elementary schools.

Mrs. Emms was given a contract to replace Mrs. Merna T. Young, who resigned the fourth grade teaching post to accept a position with a St. Louis construction firm. Mrs. Young's resignation.

## Were You Counted? Council is Asking

Granite City council members might protest the special census of the city to the U. S. Census Bureau in Washington because of a drop of 205 in the city's population.

Cooperation in getting an accurate count is being asked, and anyone who was not interviewed by a census taker last month is asked to complete the form appearing on page 11 in today's issue and mail it to the city hall as quickly as possible.

SP4 RICHARD SHILT

Killed in Vietnam

Military Services

Here Tomorrow

For Sp4 Shilt

Military funeral services will be held in Granite City at 1 p.m. tomorrow for Specialist 4 Richard Shilt, 19, son of John Shilt, 2408 Angela drive, and Mrs. Larry Ohl, now in the state of Washington, who was killed in Vietnam on Thursday, Aug. 17, according to word received this week by his family.

Specialist Shilt was injured fatally, his family was told, when a truck in which he was riding was forced off a road and overturned. He had been in Vietnam 19½ months and had seen action in numerous major battles.

The youth lived in Granite City eight years before he enlisted in Army service two years ago, moving here with his family from Des Moines, Iowa. He attended Granite City high school before enlisting.

Besides his parents he is survived by his stepmother, Mrs. John Shilt, brother John Randall Shilt of Granite City; and a sister, Mrs. Cheryl Kessler of the state of Washington; two sisters, Diane and Shirley Lemm, and grandmothers, Mrs. and Mrs. Emery M. Shilt of Des Moines, and Mrs. Thomas Kelly of Cedar Rapids, Iowa.

Funeral arrangements are given in today's obituary column.

## Frank Sappington, 81, Former City Treasurer, Dies

Frank Sappington, 81, widely-known Granite City man, who retired as city treasurer and township tax collector in 1963 after 21 years' service, succumbed to an apparent heart attack early yesterday morning at his home, 214 Grand avenue.

Efforts to revive him by members of the Granite City fire department's inhalator crew were unsuccessful, and he was pronounced dead upon arrival at St. Elizabeth Hospital about 8 a.m. An inquiry is pending.

Mr. Sappington was believed to be in fairly good health and had been under the care of a physician. Just two weeks ago, he and his close friend, John Ryckman, a retired policeman and former alderman, had enjoyed a day-long fishing trip at a nearby lake.

Mr. Sappington was an ardent fisherman, and until the last few years, had made frequent trips to his favorite fishing haunt at Swan Lake on the Illinois River.

A Seventh Ward alderman, he served as city treasurer and township

## Cash, Watches, Pup Tents Stolen in Area

A woman's purse containing more than \$450 was stolen from her car, an undetermined amount of cash was taken from a service station burglary and \$350 worth of watches were stolen from a jewelry store in a series of crimes reported in the Quad City area since Monday. Four pup tents also were stolen.

Louise Walker of Marion reported to local police that her white purse containing between \$450 and \$470 in cash was stolen from her auto while she was in the wash room at a downtown area service station, at about 1 p.m. Monday.

She said she did not miss it until she was near Belleville en route home, and she returned to the station but no one had seen the purse.

**Service Station Burglary**

Burglars stole an undetermined amount of cash from a register at Ralph's Texaco station, 22nd street and Madison avenue, it was reported at 7:15 a.m. Wednesday. Entry was gained through a hole in a block wall

between the station building and new construction. Last weekend, burglars stole \$25 in quarters from the same station.

Four pup tents valued at \$80 were stolen from the basement of the nursery building of Grace Baptist Church, 2600 Edwards street, last week, it was reported at 6:30 p.m. Monday. There was no sign of forced entry.

**\$350 in Watches Stolen**

Four watches valued at \$350 were stolen from the window display at the Hudson Jewelry store, 2244 Namekoi road, it was reported on Monday. A small hole knocked into the glass failed to set off the burglar alarm, and the thief reached in to take the loot.

George McDonald, 3502 Franklin avenue, reported at 5:40 p.m. Tuesday that intruders removed cash and an alarm clock from a couch in the living room of his home between 2:30 and 3:30 p.m. The return of his daughter may have frightened them away.

Method of entry was undetermined.

Burglars looted the Parkway confectionery, 2701 Michigan avenue, of a variety of items after forcing the front door with a bar or round rod, it was reported at 2:35 a.m. Wednesday.

Taken were a nine-inch portable television set and undetermined amounts of cigarettes, cigars, assorted lunch meats, cup-cakes, flashlight batteries and razor blades.

The front door of the M. H. Wolfe Co., 22nd and Adams streets, was forced open with a bar during the night, it was reported at 7:30 a.m. today, but it was undetermined if entry was gained or if anything is missing.

**Tavern Burglary**

Three vending machines were forced open and an undetermined amount of whiskey was stolen in a burglary at the Cochlite tavern, 1506 Ponton street, it was reported at 8:20 a.m. today. Entry was gained by forcing the rear door.

## Cardiac Monitoring Equipment Installed at Local Hospital

Cardiac monitoring equipment has been added to the long list of life-saving equipment available in St. Elizabeth Hospital's two-month-old Intensive Care Unit (I.C.U.). Dr. Robert Hill, chief of staff, announced today.

The electronic apparatus, a \$17,000 gift from the Hospital Auxiliary, will be used to detect and treat heart failure by monitoring the heart-rate and rhythm of a patient with a coronary patient at the discretion of the attending physician. In addition to the monitoring, the device provides a continuous electro-cardiogram, more commonly called an EKG.

The fixed bedside equipment can be viewed individually at bedside or simultaneously at the nurses' station. Accompanying this equipment is a "crash cart" or portable treating apparatus which has a heart rate regulating machine. When the monitoring equipment shows an irregularity the "crash cart" will be taken to the patient's bedside for proper treatment.

The hospital's I.C.U. will have the capability for monitoring patients with heart failure.

The nursing personnel, under the guidance of Dr. Otto Bauer, co-chief of the I.C.U. and Sr. M. Philomena, head nurse, have undergone specialized training in the use of the new apparatus.

Cardiac Monitoring equipment now available in the Intensive Care Unit at St. Elizabeth Hospital being viewed by Sister M. Philomena, head nurse. With her, partially obscured, is Mrs. Thelma Koglin, RN.

## Maeras Pushes for More Housing Funds from U. S.

Madison Mayor Stephen Maeras continued to push for higher federal government contribution to the Federal Housing Authority to local taxing bodies and urged other municipalities to do the same.

He provided statistics for U. S. Rep. Melvin Price showing that the federal government could afford to increase its 10% contribution from surplus rentals received from public housing units. Price has offered to investigate. The Madison school district received \$713 in 1966 in lieu of taxes for four housing projects within the school district—Garesche Homes, Greener Homes, Viola Jones Homes and Lee Wright Homes which have 1117 occupants.

The per capita amount would be \$6.71, representing what the housing authority pays to the Madison school district to educate the children of those persons residing in the projects.

Taxes Total \$713.00. Meanwhile, the total taxes collected by the school district from all sources for the year 1966 amounted to \$713,000. The estimated population of the district is about 11,000 persons, making a per-capita amount of \$64.82, or a difference of \$58.11. This is inequitable and unfair in every respect, Maeras told Congressman Price.

City Statistics  
 In 1966 the city received \$1713 in lieu of taxes for the Garesche and Greener Homes, or \$3.34 per capita for the 513 occupants receiving the usual city services.

Total taxes collected by the city from all sources for 1966 was \$136,719. With a population of 700, the per capita amount is \$22.39, or seven times more than the federal government provides, the mayor argues.

Using the \$2.39 per capita figure and multiplying it by the 513 housing occupants, the housing authority should be paying \$11,486 to the city instead of \$1713, he continued.

The mayor conceded that there are other methods of making the comparisons, but the per capita formula gives a precise picture of the tax-contribution system. He stressed that additional contributions should be paid without increasing the rents to the occupants of public housing. "I have seen some financial reports and they indicate to me the surplus amounts to be quite adequate in this respect."

## 2 GC Bankers Will Attend SIU Courses

Jack J. Cook, and Harry J. Johnson, of First Granite City National Bank, will be among the 140 bankers gathered at Southern Illinois University next Monday for the start of the 15th annual Illinois Bankers School sponsored by the Illinois Bankers Association. It will be the second year of study at the banking school for both men.

According to Robert G. DeRousse, chairman of the school's board of trustees and vice president, National Stock Yards National Bank of National City, this year's program will be presented with the primary view of creating a "total involvement" program of education.

In addition to regular morning and afternoon class sessions, students will attend evening seminars consisting of a small roundtable discussion groups. These sessions are conducted to give students an opportunity to review the day's lessons and to discuss problems related to their own banks.

A faculty of 28 will conduct the entire program—80% of whom are well-known bankers and acknowledged specialists in their particular field. Other areas of industry and law will be represented by instructors chosen for outstanding ability in their specific field.

Second year students will cover bank administration problems, public relations, loans, bank credit, agricultural credit, real estate lending and public speaking.

Harold J. Bacon, IBA president and chairman of the board, Home State Bank of Crystal Lake, will award diplomas to 74 graduating students during commencement exercises on Friday.

## Madison County EOC Votes Support Of Board Action

Members of the Madison County Economic Opportunity Commission voted Monday evening to support action taken by a bi-county advisory board which asked for the resignation of Alvin L. Wigger, project director of the On-the-Job Training Program (OJT) for Madison and St. Clair counties.

Wigger, who submitted his resignation Friday, effective Sept. 15, has been under criticism for "going outside channels with grievances and exceeding his authority in pressuring the Department of Labor." Maurice S. Harris, Madison County EOC executive director, told members of the commission.

"Refunding of the 'On-the-Job' program for low income residents of Madison and St. Clair counties hinges on our making a name staff changes," Harris related Monday evening. "We have been notified by Orvis J. Wertz of Chicago, acting regional director for the Bureau of Apprenticeship and Training, that our project has lacked strong able leadership and that unfortunately, on a number of occasions, the OJT director had exceeded his authority in that he communicated directly with Washington officials without either myself or Mr. Waring aware of this," the EOC official explained. J. Phillip Waring is executive director of the St. Clair County EOC.

The bi-county OJT program, allocated \$233,408 last August for its first year of operation, was to place 500 poverty-level residents in apprenticeship jobs training in area businesses and industries.

**Only 67 Persons Placed**  
Only 67 persons have been placed and the per capita cost has risen from a planned \$467 to \$1200, Wertz said in a letter to the commission executive. Harris said today that about \$70,000 of the \$233,408 appropriation had been spent on the project this year. "Well over half of this amount has been for administration," he said.

Under the OJT program, industry and business in the two-county area were contacted and asked to set up a training program which would utilize the unemployed or under-employed person. Once a program was prepared, the industry/business would sign a contract to pay the wages of the trainees.

The federal government reimburses employers up to \$20 per week for supervisory personnel used to train the OJT trainees. In his letter to Harris and Waring, the BAT regional director pointed out that only 68 sub-contracts have been executed. Since the program got under way, with 11 apparently mutually canceled prior to the start of training.

"Needless to say," Wertz continued in his letter, "something is drastically wrong with the project. . . . The tragedy of this poor performance record is that 433 people have not had an opportunity to enter training. . . . It is apparent this project must be reorganized and salvaged to do the job it was originally intended to do."

**Plan to Accelerate**  
Besides replacing Wigger, Wertz recommended the two counties establish a plan for acceleration of prospective employers to be contacted and speed up subcontract negotiations and implementation; upon reorganization of the project staff, an interagency and project meeting be established to gain full cooperative support of the staff, the Illinois State Employment Service and BAT; and rewrite a new contract proposal for funds in 1968.

Harris admitted that the OJT program has had trouble getting started because of the reluctance of business and industry to participate and because of competition from union-sponsored, national on-the-job training programs.

"OJT is needed in this area very badly," the executive director said, "but it can only be effective if the administrator and his staff can sell it to prospective employers. We have been funded for the 'New Careers' program, and since it will be seeking to place people in private and public non-profit agencies, OJT is a natural for getting into the profit making sector of the communities involved."

Harris pointed out that the Neighborhood Youth Corps can provide the introduction to the "world of work" and feed trainees into both the OJT and New Career programs.

"In this way, we would have a comprehensive manpower approach each of whose parts would be so linked that an individual could make a logical climb from teen-age school drop-out, to full employment status," the county anti-poverty official said.

"All the experts in economics and sociology are in agreement that the answer to riot-torn slums is full employment, decent, sanitary housing and a realization that the poor are people, too," he added.

## Local Businessman Relates Views on Trip to Yugoslavia

By ANDREW WILSON

"East is East and West is West—and never the Twin shall meet." — so say the immortal lines of Rudyard Kipling, but don't try to sell their message to Charles J. McCollum, 2019 Richmond lane, who recently returned from a business trip to Yugoslavia, in Eastern Europe.

A ten-day trip to the country left the vice-president of H. Robert Furniture Co., in St. Louis, more than ever convinced that the United States and other Western nations should seize every opportunity toward expanding economic and social relations with the communist-controlled nations of Eastern Europe.

Many of the ironclad barriers which shut Eastern Europe off from contact with the Western powers for a decade after the second world war, have since been gradually loosened and bridged over, he commented.

**Iron Curtain Going Up?**  
"These countries are striving for more and more contact with the outside world. The ice is melting, and the 'iron curtain' is being pushed aside. Not only are they trading more outside the communist block, but they are encouraging outsiders to come in and get to know them. I saw tourists all over Yugoslavia, and they seemed to enjoy the country and the people immensely."

McCollum had nothing but praise for the Yugoslavian people. "They were extremely cordial, friendly and helpful; and as workmen they seemed tremendously industrious. I was impressed again and again by how many values they seemed to have in common with our own people. Like most Americans, they are extremely concerned about their families, and they

CHARLES J. MCCOLLUM

have a great respect for hard work."

The most obvious difference between Yugoslavia and Americans, McCollum said, was that Yugoslavians "do not have nearly as much money, and what money they do have is spread more evenly across the population, regardless of differences in levels of occupation. . . . He said that in the factories he visited, a manager would receive twice as much pay as those who worked for him, while in the United States he would probably receive more than five times as much. The reason for this, he found, was that the Yugoslavian government closely regulates all industry and made an effort to equalize wage scales. . . . Another difference he noted was that "in Yugoslavia being poor does not so frequently coincide with being slovenly and without pride. I saw many poor in Yugoslavia who lived in high-rise apartments even more stark

and barren than the Pruitt-Igoe (in St. Louis), and yet they managed to keep neat and were good, highly disciplined workers. I don't know why this is so, but I couldn't help noticing it."

While in Yugoslavia, McCollum was constantly impressed with the country's erratic mixture of new and old. In the cities of Zagreb and Ljubljana (pronounced ju BLAN a) he saw modern multi-story buildings standing next to centuries-old decrepit Turkish hotels and churches. Along with the customary hustle-bustle of any city, he recalled seeing a woman's street department crew hand-sweeping the rubbish from the streets late at night.

**Depressing Structures**

The architecture of the cities, though, was the one aspect of Yugoslavia which Mr. McCollum did not enjoy. "Most of the buildings looked depressingly cold and dull," he said.

"However, this was more than offset," he continued "by the beauty of the countryside. I have never seen such tremendous scenery as when I travelled back and forth between Zagreb and Ljubljana. The land was hilly, heavily wooded and richly green. But how strange it would seem having just left a large modern city, to travel along at 70 mph and see out the car window the peasantry cutting tall grass with crude sickles and raking it with wooden rakes."

It is interesting to note, in conclusion, that the history of Yugoslavia records what is probably the sharpest meeting of the different civilizations and cultures of East and West of any other place in Europe. What is dominated by the Ottoman Turks for hundreds of years, what is now called Yugoslavia yet maintained close trade and cultural contact with the western Mediter-

### At Granite City High School

## Registration to Begin for Adult Education

Registration will open next Monday and continue through Thursday for Adult Education classes that will start at the Granite City high school Tuesday, Sept. 5, it was announced yesterday.

Nineteen different courses will be offered, according to M. A. Wittevrang, supervisor of the Adult Education program. But others will be offered if sufficient demand develops. Registration will be conducted from 9 a.m. until 9 p.m. daily at the high school during the four registration days. Registration for the Driver Training course will continue indefinitely until classes are filled, Wittevrang said.

Courses to be offered will include General Education Development, Mathematics and English Review, English as a Second Language, Business Machines, Typing I for beginners, Typing II and Typing III, Steno I for beginners, Steno II for bookkeeping, Industrial Mathematics, Welding, Blueprint Reading, Electricity, Electronics, Industrial Mathematics, Machine Shop and Sheet Metal Layout.

1st Through 8th Grades. The general education development course provides reading practice and instruction on a graded level basis for first grade through the eighth grade level, with mathematics as an integral part of the reading material. Another phase of this course provides exercises and instruction in reading for content, mathematics, government, interpretation of literary material necessary to pass the constitution test required for a high school equivalency certificate.

The review classes in math and English primarily are intended for high school graduates who are planning to attend college. Instruction in the English as a second language course is provided principally for people who have come to this country after their basic education was completed.

Varied educational backgrounds are represented in these classes, but the main objective is to gain speaking and writing facility in English.

The business machine course is a practical course in operation of adding and listing machines, typewriters, adding machines, duplicating machines, and transcribing machines. Typing I is for beginners, but Typing II emphasizes development of speed and accuracy. Problems involve letter writing, business and office correspondence.

Steno I also is for beginners, recalled that previous studies showed that incinerator trimmings would be replacing every three to five years and would cost about 40% of the original investment.

It also was noted that the city of St. Louis operates two large modern incinerators, but that contractors there continue to use St. Clair county as a dumping ground.

A representative of the Horner & Shifrin firm may be present at the Sept. 5 meeting to provide information to the council, the mayor said.

The board approved a contract for furnishing 1900 gallons of liquid petroleum gas from the ProGas Co., lowest of four bidders, with an offer of 12 cents per gallon. Purchase of science supply items was spread among five bidders for a total cost of \$456.

School equipment authorized for purchase included four separate firms on bids as follows: Blackwell Wieland Co., 18 sections of library shelving at \$1469 and six portable folding tables at \$1138; Gaylord Bros. Inc., one wooden book truck at \$89; Thayer House, one stage set, \$495; and Illinois Supply Co., one metal book truck, \$41.

An offer by Elledge Motor Co. to furnish four cars with dual controls for driver training classes was approved. Elledge Motor was the only bidder on this proposal.

Continue Hospital Class. The board approved a recommendation by Supt. Davis that the district continue this year its participation in a program at the hospital class at Booth Memorial Hospital. The district pays teacher fees on an hourly basis only for the students it has in the class. Last year the cost was \$1000, with one half of this repaid by the state.

Contract for transportation of physically handicapped children to special classes was awarded Quincy Cab Co. on the same rate schedule as last year. Total cost last year was \$2679.

Also authorized for purchase was a water feed pump for the high school boiler room from the Roy E. Roth Co., Rock Island, at \$808, and a pressure reducer valve for a high school boiler at a cost of \$398.

\$808 For Storage Shed. The board also authorized expenditure of approximately \$800 for construction of a storage shed adjoining the maintenance garage at the high school for storage of cafeteria supplies. Present storage of cafeteria supplies, particularly paper plates, cups, napkins and similar items, in the mechanical room of the new cafeteria, present a fire hazard, according to a report by Tully A. Huebner, director of buildings and grounds of M. A. Wittevrang for purchase of a video tape recorder for the Steel Institute at a cost of \$3378 was approved. The equipment will be bought from Tpi-Star Communications of St. Louis. Purchase of 150 athletic locks from American Lock Co. at a price of \$138 each also was approved.

Permission was granted Radio Station WTAD at Quincy for broadcast of a Nov. 3 football game, Quincy at Granite City, and the Jan. 27 basketball game, Quincy at Granite City, for broadcast in the Quincy area only.

Rhodes Street Crash. A car driven by Inez H. Humphrey, 2829 Dale avenue, was damaged at the left front, and a car driven by Robert R. Cowan, 2304 Gary avenue, was damaged at the right front in a collision at 5:10 p.m. Monday at Rhodes street and McCambridge avenue in Madison.

## Bank to Sell Auto Licenses

The First Granite City National Bank today announced that the Secretary of State Paul Powell, had approved the bank as a state auto license issuing agent.

President Harold R. Fischer said that Donald Cave and others of the bank staff, will receive special training in Secretary Powell's office in Springfield, Illinois to properly handle applications for the issuance of plates.

Processing equipment will soon be installed in the bank lobby. When the date arrives for the purchase of 1968 renewal auto license, Quad-Cityans can complete application form, take it to the bank and purchase new plates and receive the license at the time of purchase.

Dale William Pashea Joins Firm in Kokomo

Dale William Pashea, formerly of Granite City, has joined the Delco Radio Division of General Motors Corp., located at Kokomo, Ind., as a process engineer, it has been announced by Howard J. Millard, general supervisor of process engineering.

Pashea is the son of Mr. and Mrs. Ony M. Pashea, 2315 Sheridan avenue. He was born in Granite City. After graduation from Assumption high school, he received his B.S. in industrial engineering from St. Louis University in 1965. ## Justifiable Homicide Verdict in Inquest

A verdict of justifiable homicide was returned last night by a six-man coroner's jury, inquiring into the Aug. 12 shooting of a West Madison man by Illinois State Police Cpl. Cleo Angelloff of District 11, Maryville. The inquest, lasting 90 minutes, was conducted by Deputy Coroner Alvin Cease at the city hall in Granite City.

Shot twice in the chest during a scuffle was Dozie Kahoe, 49, of 618 Third street, West Madison, an employee at the Granite City Army Depot, who died on the operating table at St. Elizabeth Hospital at 1:30 a.m. Sunday, Aug. 13.

On being advised of his constitutional rights by the deputy coroner that he could testify or not, Cpl. Angelloff elected to give a detailed account of the incident from the moment he approached Kahoe in a parked vehicle to the time the ambulance arrived.

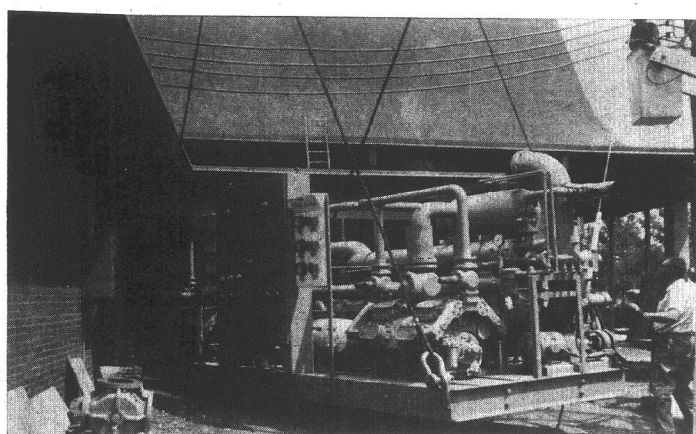

The state police officer testified that he stopped to investigate a vehicle, parked just south of the McCambridge avenue viaduct on Route 203 at 10 p.m. Aug. 12 after he saw a man slumped over the steering wheel. He said he approached the car and said to the driver, "Can I help you?" whereupon Kahoe drew a gun and pointed it at the trooper.

Cpl. Angelloff stated that he grabbed the barrel, showing the gun away, but the driver got out of the car and, slitting profanities, again pointed the weapon at the trooper and told him "You'd better shoot me, because I'm going to kill you."

The police officer said he fired at Kahoe who continued to scuffle with him until he was forced to fire a second shot. Deputy Coroner Cease said that testimony showed the state policeman did everything in his power to avoid killing the West Madison man.

**ICE RESURFACING VEHICLE**, purchased by the Granite City park board at a cost of \$10,550, will pick up excess ice loosened by skaters via a conveyor system and replenish the 85x185-foot rink surface with a thin layer of water. The entire resurfacing operation takes about 25 minutes. Barry Loman, park board president, seated on the Zamboni, presents keys to Howard Hale, maintenance foreman. Others shown are Frank Mehelich, next to Loman, and Clarence Chalupny, at right, who observed the equipment being unloaded yesterday.

**MASSIVE REFRIGERATION EQUIPMENT** to freeze the 15,725-square-foot surface of the new ice skating rink in Wilson Park arrived this week. The unit, comprising two 75-ton compressors, required a

## J. H. Kenner to Manage Park Ice Rink

The Granite City park board, which met last night, unanimously approved the appointment of J. H. "Buck" Kenner as manager of the new ice skating rink in Wilson Park.

Supt. Harold Brown recommended Kenner's assignment to this post. Kenner, 58, who retired in 1963 as an independent distributor of Shell Oil Co. gas and fuel oil for areas home, has been a Granite City resident since 1921. He has been a skating enthusiast since boyhood, and reports that he learned to skate on a farm pond where Yale avenue is now located.

For the present, Kenner will work part-time on publicizing the rink and preparing for any management problems which might arise. He plans to take trips to St. Louis' Steinberg rink and other rinks in the area to become well informed on the problems and demands of operating an ice skating rink.

Starting Oct. 1, Kenner will work full time at the rink for the park office. He is married, has no children and lives at 2211 Lindell blvd.

**Fees Confirmed**  
Skating fees, announced in January, were unanimously confirmed by the board. Loman commented that the skating admission set-up is intended "to give our own people (Granite City residents a break; after all, they

are the ones who are paying the taxes."

For residents the admission fee for adults was set at 75 cents, and for children (through high school) 35 cents; for non-residents, the charge will be \$1.25 for adults and 60 cents for children. Skate rentals will be 50 cents, and skate sharpening will cost 50 cents for hockey skates and 75 cents for figure skates for all users of the rink.

In conjunction with the price differential for residents and non-residents, it was the unanimous opinion of the board that youngsters through high school in Granite City be provided with identification cards for a small charge.

**Want Attractive Fence**  
Kozrak suggested to Brown that the board might not be adverse to authorizing a sufficient amount of money to insure that the fence be an attractive one.

The board approved of a \$100 music tape for the rink which would include sixty tunes for skaters in fox trot, waltz, tango, jitterbug, and cha cha.

The board authorized Brown to go ahead and purchase facilities deemed necessary for the rink. These included a cabinet and tables for the first aid room, telephones for managers' and cashier's offices, turnstiles, eight oak skating benches (for a price not to exceed \$400), and a flagpole, if one is not donated by an outside organization.

Because of last week's vandalism at the rink, the discovery of two glue-sniffers in Wilson Park, the board recommended that Atty. Randall Robertson draw up resolution to ban trouble-makers from the park.

The board also recommended that Atty. Robertson prepare a contract guaranteeing that a 26,000-pound supply of rink tile, for which Mitchell Rubber Products Co. in Los Angeles, Calif., was low bidder, with a \$7000 offer, meets specifications on fitting, quality and time of arrival.

The finance committee report, submitted by Treasurer John Mink and including minor repairs and maintenance bills, met unanimous board approval.

**Warming House Fee?**  
Supt. Brown proposed that an admission charge of 25 cents for the warming house be put into effect. He said that this would discourage troublesome loiterers.

Loman and Clarence Baumeier objected vigorously on the grounds that such a proposal would hinder parents who simply came to get their children and wanted to watch the skating, and others who would visit the new rink.

No decision was reached. The proposal was tabled until the next monthly meeting when, Loman said, the board hopes to make a definite ruling.

The warming area is 40 x 60 feet, and will accommodate a crowd of 400 people.

The annual levy ordinance for the fiscal year May 1, 1967, to April 29, 1968, was submitted and gained unanimous approval. Levies for the park districts recreational programs total \$34,032, while corporate levies total \$187,234.

## GC Police Charge Four with Speeding

Four drivers were charged with speeding Wednesday evening as police operated a radar unit along Madison avenue and Fehling road. They are Phillip L. Corey, 2033 Delmar avenue; Edward G. Stuart, 2548 Center street; Dennis L. Barnhart, 2261 Edison avenue; and Dale B. Wadlow, 2258 Fehling road.

**Girl Says She Was Hit**  
Susan Gray, 2022 Collinsville avenue, Madison, was injured when she was struck in the face by an unknown assailant who used his fist at 8:15 p.m. Wednesday at Kirkpatrick Homes. She was taken by her mother to St. Elizabeth Hospital where she was admitted after losing consciousness.

## Last of Sunday's 3 Drowning Victims Found

A daily vigil by a family friend of one of two youths drowned in the Mississippi River just below the Chain of Rocks low water dam about 6:30 p.m. Sunday, resulted in recovery of the missing youth's body about 7 p.m. yesterday.

Just one hour earlier, an inquest was conducted by Deputy Coroner Alvin Cease at the Pieper Funeral Home for the other youth, Raymond Joseph Horner, 17, son of Mr. and Mrs. Raymond J. Horner, Bellefontaine Neighbors, Mo., whose body was recovered two hours after the drowning incident. A six-man jury returned a verdict of accidental death by drowning.

Robert Widel of Bellefontaine Neighbors notified authorities at 7 p.m. yesterday that the body of Glen Varel, 17, son of Mr. and Mrs. Anthony Varel, 10400 McCurtain lane, was caught on brush along the Illinois river bank about two miles south of the low water dam and one mile from where the youths were last seen swimming.

Cease reported identification was made by the boy's brother, James Robert Varel, who recognized the blue swimming trunks, tennis shoes and curly hair of his younger brother. An inquest is pending.

The body of a Roxana man, Keith Hardaway, 29, was pulled from the river about 3:30 p.m. Tuesday downstream from where he had fallen out of a 19-foot cruiser near the Alton dam also last Sunday.

## Wilson Park Pool To Close Sunday

Sunday will be the last day the Wilson Park swimming pool will be in operation this summer. The pool will be open until 9 p.m.

As last year, the pool will not be open over the Labor Day weekend because the park district has found it too difficult to staff its facilities Harold Brown said.

## Driving Charge

Keith D. Trotter, 2130 Grand avenue, was charged with careless driving at Maryville and Pontoon roads at 1:35 a.m. today.

THE BIG, MEMORIAL STADIUM in St. Louis was an ideal setting for the Granite City YMCA's Soccer Association exhibition game Tuesday evening. The Mitchell ACs won over the All Stars 1-0 with a goal by Clay Winfield in the abbreviated match for youngsters 11 and 12 years old that preceded the St. Louis Stars-Toronto Falcons 4-4 professional game.

**Mitchell AC Wins Soccer Match 1-0 in 'Big' Stadium**

Prouder youngsters—and even prouder parents—arrived early at Busch Memorial Stadium Tuesday night to watch an exhibition match between the Mitchell Athletic Club and YMCA All Star soccer teams.

It was "Granite City Night" at the big stadium, and the youngsters were afforded behind-the-scenes views of the structure both before and after their match which was won by Mitchell 1-0 in a hardfought contest.

The abbreviated game between the 11-to-12-year-old youngsters was the main attraction for the hundreds of Granite Cityans who were in a special section of the stadium and were there long before the arrival of about 6000 others who were in attendance to see the St. Louis Soccer Stars tie the Toronto Falcons in a 4-4 professional match.

Soccer fans of the St. Louis Stars as well as those of the Granite City YMCA Soccer Association noted the boys' teams were well matched for the contest.

They commented on the ease in which the boys played and their knowledge of the game and praised the work and many "saves" of the goalies—Rick Bohmstiel for the All Stars and Austin Caldwell for the Mitchell ACs.

The Mitchell score in the second half of the evening's "main event" was the result of a play ignited by Craig Caldwell.

He passed the ball from his inside right to the outside right wing, Dennis Jones, who dribbled along the outside line and passed inside to right halfback Clay Winfield. Clay drove the ball between the opposing full-back and center halfback, drawing the All Stars' goalie out of the box. Then he kicked the ball over the goalie's head into the net.

The Mitchell AC team included Randy Parker, Billy Hasty, Austin Caldwell, Yankee Fernandez, Andy Baugh, Mark Baugh, Carl Dake, Craig Caldwell, Clay Winfield, Gary Duncan, Mike Demaree, John Adams, Dennis Jones and Timmy Filkins. The team was coached by Harry Breckner and Tony Carrazales.

The YMCA All Stars included John Fulcher, Tim Copeland, Dana Geisler, Charles Barth, Billy Shirkball, Dennis Robinson, Buzz Bartels, Teddy Gegagus, Rick Bohmstiel, Walter Rutkowski, Mike Martinez, Wayne Canada, Jose Gasparovic and

**Credit Union to Host Pocahontas on Sunday**

Southwestern Illinois Inter-City baseball league schedule for this Sunday finds the Granite City teams playing teams directly ahead of them in the standings.

Mercers will take an 11-8 record to East Alton to play the 14-league leading Braves. Mercers no longer have a hope for the top position held by the Braves, but they will need the win to add a little insurance to their one-game difference with the third-place Pocahontas Braves who are now 10-8.

The Braves are going to be in town to play the Granite City Steel Credit Union team which is trailing them in the standing by one place and two games. The Credit Union posts a 9-10 season accomplishment so far, and are in fourth place.

The other Granite City team battling the leader is Sacred Heart, which is 8-11 and is in a tie for third place with Polish American War Veterans of East St. Louis. Sacred Heart will play the Troy Red Birds at Wilson Park.

P.A.W.V. plays Moltor Motors of Collinsville, which is in second place and boasts a record of 13-4, at Fletcher Field in Collinsville.

In another Sunday game the two cellar teams, Maryville Red Sox and Collinsville Utes, play at Maryville.

All games are slated to get underway at 2:30 p.m.

**Softball Games Won by Hamilos And Mathews**

Hamilos Packing defeated Morris Realty 10-6 in a high school boys softball league game at Wilson Park Tuesday night.

Hamilos beat the Realty team on hits 11 to six but also topped the losers in total errors, six to three.

Mike McGovern and Barry Lloyd each accounted for two of the Hamilos runs as each singled and tripled.

Tim Wallace was the winning pitcher and Rick Pittman was the loser.

Mathews Chevrolet beat Kirchner's 4-1 and Granite City Steel Credit Union topped the Merchants 6-4 in Classic league play.

Bob Siegenmier was the big batter for Mathews, getting a single and a triple to score twice. Ray Hoffman was the winning pitcher allowing three hits, one of them being a home run by Bob Patrick. The loser was Jerry Shelton.

Paul Hollis, George Grove, and Jerry Voloski together accounted for six of the eight hits that Granite City Steel Credit Union collected from Carrol Tingley, the losing Merchants pitcher.

Jerry Voloski was the winner allowing eight hits.

**Mitchell ACs to Hold Festival This Weekend**

The Mitchell Athletic Club will sponsor a fall festival on the old parish grounds at Mitchell Saturday and Sunday to raise funds for development of a newly-acquired recreation site. Included in the entertainment will be two western bands.

The festival gets under way at 1 p.m. Saturday and will host the Ozark Homesteaders band for the musical entertainment. There will also be rides and concessions and "plenty to eat," according to Stanley Lucas, chairman.

On Sunday, the main attraction will be the Current River Opry.

The festival also is the occasion for the ACs to present trophies to the first place teams in their baseball program this past season. Receiving trophies this year will be the Mets in the Atom division and the Orioles in the Bantam Division.

The youngsters aren't the only ones that are going to receive prizes, though, for there will be special prizes awarded each day.

Funds from the festival will go to the ACs to help them with the park project they are now planning and for the last baseball season which cost \$3100.

## Burger Chef Ends Women's Card at 7-2 in League Game

Burger Chef, Women's softball league leaders, defeated Kentucky Fried Chicken 8-6 Wednesday evening at Wilson Park.

Jane Skaggs scored three of the Burger Chef runs, hitting three singles.

Mary Ritchie and Betty Little each scored twice and both homered.

Three of the Kentucky Fried Chicken's runs were the result of over-the-fence blasts by Eva Horn, Sandy Withrow and Donna Hermann.

It was the final game of the season for the two teams.

## Hamilos Tops Raiders 7-2 in League Game

Hamilos Packing beat the Raiders Wednesday evening 7-2 in a high school league softball game at Wilson Park.

Hamilos got the jump on the Raiders in the first inning by putting together a combination of five successive hits to tally five runs.

Rich Logan and Barry Lloyd scored twice and had three singles, sparking the nine hit attack.

The two runs the Raiders scored came on a lead-off single in the sixth by Steve Nance and a home run by John Robbers.

## Midtown Upsets Jacobsmeyers in 35 & Over Play

A five-run third inning spree and Dick Stanton's late inning blast helped Midtown Pharmacy upset first place Jacobsmeyers 8-7 Monday in the 35 & Over League.

Ed Reimangel tripled with the bases jammed to cap off Midtown's scoring in the third and sent them out in front 7-6. Jacobsmeyers evened the score in the top of the fifth but Stanton's homer in the bottom of the inning put the lid back on.

Bill Connolly singled and doubled and drove in two runs for Midtown. Oliver Jacobsmeyer and Harry Tyler each collected three hits for the losers, who led in the hitting department 15 to 10.

In the same league on Monday, Tony & Joe's had the better of a 14-9 slugfest with Local 16. Tony & Joe's pounded out 21 of the games 37 hits, and had big innings in the first, with four runs, and in the fourth, with five runs. Swinging the hot bats in Tony & Joe's lineup were Gus Lignoul with four singles in four trips to the plate; Babe Ameling with three singles, and Poots Schwendeman with a single and a triple. Glen Edleman tripled and singled three times, and Lefty Harris singled four times for Local 16.

## GC DeMolays to Play In 'Semis' of Tourney

collector from May 23, 1937, until his retirement on May 1, 1963. He became a well-known figure to local residents who paid their personal and real estate property taxes at his second floor office in the city hall.

Born in Bluffs, Ill., Mr. Sappington lived at Trenton, Ill., prior to moving to Granite City in the early 1900's. He worked for several years at the old Stamp Works (NESCO) and then became an insurance agent. He and his wife, Gladys, who survives, were married in Carlinville, more than 50 years ago.

A much sought after baseball player when he moved to the local area, the former city official was a star shortstop and second baseman for the Fishman's Granite City championship team of 1910. He played in the Three I League, the Missouri-Illinois League and the Trolley League, traveling throughout the two-state area with various teams.

Mr. Sappington was a member of Central Christian Church. Besides his wife, also surviving are a son, James W. Sappington, a fireman-engineer with the Granite City fire department; one daughter, wife of dentist Dr. Curtis Green, of Granite City; a sister, Mrs. Irene Poes of Lebanon, Ill.; and four grandchildren.

Funeral arrangements are given in today's obituary column.

Old-Age Problem

Human nature endows every man with the ability to size everybody up but himself.

POPULAR SPORTING EVENT at Venice school district recreational program this summer was a round of golf on miniature course built by school district and Venice Park district at Lee Park. The nine-hole course proved to be as attractive to adults as to youngsters, drew good crowds during evening hours when program hours ended.

SUPERVISORS OF SUMMER recreational activities for more than 300 Venice-Madison youths line up for photograph on final day of the six-week program, conducted as an experiment by Venice School District 3. Left to right—front row, Jane Ann Seilheimer, Merceline Boule, Diane Mangi, Kathryn Daniels and Joan Pickens, and back row—Irene Taylor, Harold Gonterman, Donald Davinroy, supervisor of the overall program; and Michael Leatherman.

**'Experimental' Recreational Program at Venice is Success; To Expand Next Year**

Success of an "experimental" summer recreational program conducted in Venice during the summer months by Venice School District 3 will prompt an expansion of the youth activities next year, according to John Pier, superintendent of Venice schools.

More than 300 youngsters in the Venice-Madison area took part in the six-week program supervised by Donald Davinroy and conducted by a staff of eight recreational supervisors. Pier said the program, conducted in Venice for the first time, was financed with funds from Federal Title I of the Elementary and Secondary Educational Act.

The program was conducted in Lee Park at Venice and in the Venice school. Pier said attendance at the park ranged each day from 80 to 180, with varying numbers of youngsters attending to take part in sports events, handicraft classes, art classes and games. Davinroy said a great part of the activity was in games for small children.

Built Golf Course

The school district and the Venice park district constructed a nine-hole miniature golf course that attracted considerable play, not only from the youngsters participating in the program, but from adults as well during after-hours when the youngsters were not using it.

"After we finished the golf handicraft items made by the

course, we found there was as much interest from adults as from the youngsters," Pier said. The daytime program at the park ran from 9 a.m. until 3 p.m. daily on five days of the week, excluding Saturday and Sunday. At Venice school, the program, which also included various arts and handicraft classes, was conducted from 9 a.m. until noon.

Pier said attendance at the school phase of the program ran as high on some days as 250 youngsters. He feels the program has offered much in bringing in youngsters who need a supervised recreational program during the summer months. "Pier said, 'and as a result we plan to expand the program next year.'"

To Discuss New Program Pier was scheduled to meet later today with a representative of the federal program under which such activities are made possible financially. The entire summer program cost between \$350 and \$500, Pier said. He said a financial report on cost had not yet been filed.

Pier said he plans to move some of the activities that were conducted this year in the school to the Lee Park playgrounds next year and thereby expand the outdoor phase of the program, including such activities as basketball and tennis. A display of art work and handicraft items made by the

youngsters in the recreational classes has been set up in the First National Bank in Madison and may be viewed by the public there. The Madison school district participated by furnishing some equipment for the program since youngsters attending school in North Venice actually are in the Madison school district.

The program in the Venice school included vocational shop work and home economic activities.

Mrs. Richardson, 100, Much Weaker Today

The condition of Mrs. Minnie Richardson, 1815a Delmar avenue, who observed her 100th birthday July 8, was reported to be much weaker today at St. Elizabeth Hospital, where she had been a patient for nearly two weeks. Mrs. Richardson entered the hospital for treatment for pleurisy and pneumonia. She showed improvement at first, but in the last few days her condition has become worse.

## School Crossing

he was forced to lose work because of assignment of women guards during the summer months by Lt. Condis was in error.

"That was my decision," Veizer said. "These alternate guards are on stand-by every morning during the school year, and I decided they should be given an opportunity to work during the summer school session."

"I also make the assignments as to where a guard is stationed, and I take into consideration where the guard lives. But I also plan assignments so the more experienced guards have the more hazardous intersections."

### Transfer Necessary

Continuing his explanation, Chief Veizer said a transfer of a guard last week was carried out because the regular guard went into the hospital for surgery. An experienced guard was transferred from Missouri avenue to the Nameoki-Pennion road intersection where new traffic signals had been installed.

"You know a guard needs to do more than just hold up a 'stop' paddle. These jobs were created to help the children and not just for giving jobs to senior citizens."

Chief Veizer added that it was his job to determine efficiency of the police department's officers, and he asked Gallas how he obtained a copy of regulations before the information had gone to the council.

### Ordered to Set Rules

The chief stressed that he had been asked by the city council to establish the rules and stipulate a requirement for physical examinations last year after a crossing guard had been killed in an accident.

City council members challenged the need for physical examinations for the elderly men. "We can get another type of insurance to cover the guards—one that won't require physical examinations," Alderman Basarich commented.

Alderman Green added that he felt few of the council members around the table, much less the elderly guards, could pass a physical exam.

Mayor Partney pointed out that if the council did not want the guards covered by the city's new workers' compensation insurance policy, then the city should arrange to provide other insurance.

Alderman Whitmer, chairman of the Police committee, stressed that the matter should be solved during the meeting, since it was necessary to provide guards at about 11 school crossings next week.

### Explains Physical

"The physical exam for a guard requires the guard to be in good general health, have sound limbs and good reflexes, good hearing and minimum 20-40 vision in each eye with corrective lenses," he explained.

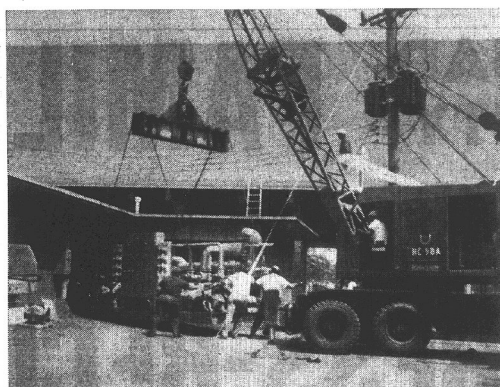

The mayor added that the insurance policy requires an eye examination each year.

Whitmer presented a motion for the police chief to hire crossing guards, following physical examinations.

The roll call vote was 7-to-6, with Alderman Boyd declining to vote. Absent were Aldermen Partney and Robertson. Those voting for the motion were Moerlein, Bartosik, Whitmer, Poulos, Rutledge, Fry and Jarrett. Opposing it were Dallas, Green, Basarich, Nonn, Dawes and Johnson.

Since the vote failed to show a majority tally, the mayor declared it had lost.

Partney commented that he would not jeopardize the safety of school children because of the council's failure to take action.

backed down, stating merely that they do not like the area.

Pointing to advantages, he noted that the area offers a good labor market and good relations, and that the city is willing to build plants for industries. "But we still can't seem to attract them here."

### Probationary Patrolman

The council approved the appointment of Edward J. Godan as a probationary patrolman for a one-year period. The appointment was a formality as Godan has been serving with the police department for several years, both on the street and on the desk. "He has served his apprenticeship," the mayor said.

A letter from the East Side Levee & Sanitary district invited aldermen and the public to an

## To Oppose Complaints Of Delay in Building

Harold Ballentine, 1601 Third street, said this week he will contest the complaints filed against him by the city of Madison for failure to complete apartment structures at 1601-05 Third street.

A hearing has been rescheduled for Aug. 30 in magistrate's court at Madison on the charges filed by Peter Skundrich, Madison city building inspector, that Ballentine has failed to complete the apartment structure over a four-year period. The case originally was set for hearing Aug. 18.

Ballentine said delay in completion of the structure resulted when the contractor failed to continue work. Court proceedings against the contractor and his bonding firm have been postponed during the past several years. He said he expects this case to be set for hearing in September.

and for that reason he issued the order to the chief the next day to hire the guards to be ready for next week.

The council is expected to debate the guard rules and regulations again at next Monday night's session.

of its new Lansdowne sewage treatment plant from 10 a.m. to 4 p.m. Wednesday. Alternatives are being made to arrange television coverage at 11 a.m.

The mayor urged all of the aldermen to attend the 54th annual convention of the Illinois Municipal League Sept. 23-26.

An appraisal by Marshall & Stevens Co. of St. Louis for insurance purposes showed reproduction costs of city building to be \$748,709, with reproduction insurance valuations of \$708,612, sound value of \$596,933 and sound insurance value of \$560,206. The plan is available only to municipal bodies.

## SIU Board Considering 'Big Leagues' Collegiate Sports

Entry of Southern Illinois University into the big leagues of collegiate sports is being considered by the administration and University board of trustees.

In a 32-page report by a study commission on intercollegiate athletics the University was advised:

1. To actively seek excellence in the fields of football, basketball, baseball and soccer through affiliation with a conference, use of athletic scholarships and construction of physical facilities.

2. Expand the SW Campus competition to the Southwestern campus as rapidly as facilities can be produced.

3. Combine health education, physical education and athletics in a separate school, headed by a dean assisted by a business manager.

4. Adopt a schedule of 120 NCAA athletic scholarships, 90 of which would be for football and 30 for basketball.

5. Continue the existing state funds subsidy of the University's athletic program through use of coaches as teachers and increase the student fees for athletics from \$2 to \$5.50 per quarter.

6. Encourage intramural athletic programs and seek expansion of athletics for women.

Year of Study

The study commission's report represented a year of study and involved consultation with three outside experts, recommendations by the present coaching staff, and results of a questionnaire on the future status of

sports. Results of the questionnaire showed 65% of the students, 54% of the faculty and 52% of the alumni felt football was underemphasized.

The commission recommended construction of a football stadium seating 25,000 to 25,000 spectators, adequate practice fields, and separate facilities for track and other sports. An addition to the present Arena building, to provide practice areas for indoor sports, also was suggested.

Outside consultants called upon for expert advice on athletic programs were H. O. (Fritz) Crisler, University of Michigan, an athletic director; Dean John Ashton, dean emeritus of the University of Indiana, as an education expert; and Charles (Chick) Evans, Chicago area businessman and former amateur golfer,

as an interested layman.

The SIU committee headed by John Veizer as chairman made trips to other universities for information and heard scores of recommendations as it sought to chart the future of collegiate athletics, not only for SIU but for the nation's universities and colleges as well.

University President Delyte W. Morris said, "The work of the members of this Commission has been particularly gratifying. They have tackled a complex and difficult problem in full consideration of all students and with awareness that the major task of the University is education."

All members of the University community are asked to make suggestions before recommendations are finally made to the University Board of Trustees.

## Paddlers Plan Family Wind-Up Picnic Sunday

Paddlers Swim Club members will end the 1967 schedule of summer activities with a family barbecue picnic and a program of special events starting at 2 p.m. Sunday at the pool site, 2121 Johnson road.

Arrangements for the wind-up event were completed at a board of directors meeting held last night at the pool. Mrs. Mary Jesse, Dr. Stan Skirball, Mrs. Jeanne Beatty and Earl Burger are in charge of picnic plans.

Horseshoe contests for men, games for children and card tournament on the pool patio will get under way at two o'clock, Mrs. Jesse said. At 3 p.m. teenagers who have earned life-saving certificates this season will present a demonstration, followed with a water ballet under the direction of Miss Cindy Zahm.

At four o'clock, a huge grill will be available for a community cook-out, with members providing food items for their own families. Those planning to attend also are asked to bring with them extra tables, chairs, or blankets.

Group singing, led by accom-

panist Allen Bogovich is scheduled between 5:30-6:30 p.m., when members of Scout Troop 15, led by Mrs. Mary Tarpoint, will lower the colors.

Also heard by Paddlers directors last night was a report on the summer program given by Keith Parker, pool manager. Voted into membership were the families of Leonard Yellon, Joe Clouse, John Butch and Frank Batterson. Mickey Loftus, president, conducted the meeting.

First place honors went to Mrs. Helen Todd and Mrs. Roberta Schmidt, second place to Mrs. Betty Osterle and Mrs. Marie Huff, and third to Mrs. Elsie Hastings and Mrs. Joyce Barnes.

The club will gather again Aug. 28 in the home of Mrs. Meyers at 10:15 a.m.

### YOUTH GROUPS OF CENTRAL CHRISTIAN CHURCH MEET

The Chi Rho and Central Youth Fellowship of Central Christian Church met at the church on Johnson road Sunday evening, for their regular meetings.

A game of softball was enjoyed by both members followed by separate business meetings.

Chi Rho with their sponsor, Jim Turner, conducted a worship hour and program, and the CYF group discussed projects for September with tentative plans made for a paper drive. Miss Linda Bean serves as sponsor for the latter group.

Refreshments were served following the meetings and the CYF group will meet again next Sunday at the church.

### MRS. JONES VISITS SON

Mrs. Lindbergh Jones, 9 Miami court, returned to her home Sunday following a week's visit with her son, Cadet Michael Jones, who is a West Point cadet, and is taking special training at Ft. Knox, Ky. He returned to West Point on Saturday to prepare for the fall academic courses.

Mrs. Jones was accompanied on the trip by her children, Laura, Alma and Bruno.

Major Jones (ret.) and his family have only recently arrived to make their home in Granite City, following his retirement from the U. S. Army.

### NOON LUNCHEON AND QUILTING

## Kiwanis Boat Races Financial Success

Initial reports indicate that last Sunday's boat races on the Mississippi River, near Hartford, will prove to be the most successful, financially speaking, than those staged in any previous year, according to preliminary statements heard by Granite City Kiwanians at their meeting Monday evening.

The racing event, co-sponsored by the local men's service group and the Bow Line Boat Club, was reviewed for members by Bill Seibold and William Herman, who reported approximately 1500 spectators had viewed the mid-summer classic.

Four members of the Edwardsville Kiwanis Club attended Monday's dinner session at the Rose Bowl restaurant. The visitors were welcomed by Melvin T. Gillie, Kiwanis president, who presided.

## Rotarians See Exhibition On 'Instinct Shooting'

The Rotarians weekly luncheon Tuesday was held at the Officers Club of the Granite City Army Depot and featured George Carson, outdoor editor of the St. Louis Globe-Democrat and a crack marksman.

At the luncheon meeting, Carson explained his theory of "instinct shooting." Shooting at

## Three Face 10 Charges After Report of Fight

Three men were arrested at 8:25 p.m. Tuesday after police received a report of a fight at West 22nd street and Illinois avenue. A fourth was taken into custody but was released without charge.

Charged with intoxication, illegal possession of liquor and profanity were Larry Abney, 23, of 2015 Park avenue, and Bob Abney, 21, and Carlton Turner, 20, both of 2019 Park. Larry Abney also was charged with resisting or obstructing a peace officer.

close range (under 100 yards) can be accomplished fastest and most accurately without sighting the rifle; in close-range battle condition a soldier will do best with a light rifle which he points quickly like a finger at his target and fires, he said.

After lunch, the Rotarians and many Depot soldiers went out on the Parade Field to watch Carson put his theory to a demonstration. Using a Daisy air rifle, which fires pellets about the size of B-B's, Carson showed an uncanny ability to hit small moving objects at close range.

Perhaps the most remarkable demonstration was one in which he repeatedly hit aspirin tablets which were tossed up in the air about 15 feet in front of him.

The Army and the Marines have begun to use air rifles to teach soldiers how to shoot accurately and quickly at close range light rifles in Vietnam range, and are now employing with the same idea in mind, Carson commented.

The luncheon was attended by 35 Rotarians.

**READY, AIM, FIRE** is what George Carson, a crack marksman, is teaching this assemblage of Rotarians and Army Depot soldiers not to do. Demonstrating his theory of "instinct shooting," Carson stressed that in close-range battle conditions a soldier does best if he doesn't sight but simply points his gun rapidly like a finger at his target and fires.

### CUBS HOLD MEETING AT BEAVER DAM

The monthly pack meeting of Cub Pack 21 was held Sunday afternoon at Beaver Dam, Ill. The meeting was called to order by the Assistant Cubmaster Robert Noud.

Awards were presented to Randy Brown, bobcat; Larry Nowicki, wolf; Billy Stogdill and Terry Harris, bear; Brian Payne, silver arrow point; Michael Noud, gold arrow point; and Wayne Kopchak and Lesley Stogdill were moved up into the Webelos den. The Webelos badge was presented to Kevin Shaffer and David Pruitt. These boys received tenderfoot pins as they left Cub Scouting and entered into Boy Scouting.

Jess Ditch, chairman of the pack, asked for assistance with pack activities and enrollment applications.

A fishing rodeo was started at the conclusion of the award presentation with Wayne Kopchak catching the most fish and David Pruitt coming in second. All scouts, both Cub and Boy Scouts, were presented with miniature figurines of a Cub Scout for attending the monthly pack meeting.

Mrs. Theresa Button also was presented with a figurine and Mrs. Grace Horman, vice-president of the Geneseo Activity organization, was presented with a figurine of a Cub Scout, as the organization sponsors the pack. Mr. Ditch announced that the next pack meeting will be held Sept. 18 at the Madison Memorial Center starting at 7:30 p.m. Other boys attending the rodeo and pack meeting were Thomas Harris, Kevin Ditch, David Garrison, Michael Ramach, George Price, Dennis Price, George Obermeier, Albert Wise, Frank Marcell, Glen Payne, Ray Clements, Chris Norman, Dewey Obermeier and Jim Shrader. The group of boys were accompanied to the meeting by their parents and relatives. Den Chief Ray Clements assisted with the meeting.

Mr. and Mrs. Gerald Purcell and Mr. and Mrs. Noel Williams of Madison returned home Tuesday after spending several days vacationing in the Great Smoky Mountains National Park, Gatlinburg, Tenn., and visiting other points of interest.

### JOLLY MATRONS MEET

Mrs. Barbara Wood entertained members of the Jolly Matrons club in her home in Mitchell Tuesday afternoon. The hostess served lunch prior to a game period. Mrs. Anna Mae Murphy, Mrs. Wood and Mrs. Lottie Ostresh held high scores and received prizes.

Others taking part were Mrs. Marlene Serini, Mrs. Margaret Grams, Mrs. Mary Shaver, Mrs. Johanna Milovich and Mrs. Helen Thiele.

Mrs. Grams will be hostess to the members in her home in Collinsville in two weeks.

### LADIES CITY GROUP HOLDS MEETING

The Madison Ladies City Organization met Monday evening at the Sportsman's club with the president Mrs. Sally Bosworth, presiding. The Lord's prayer was given in union by the members followed with a short business meeting.

A note was read from Mrs. Julia Voloski on the club's remembrance when she was in the hospital.

The social period followed the business session with Mrs. Violet Bader, Mrs. Mary Hlava, Mrs. Marie Stawar, Mrs. Veronica Kula, Mrs. Nettie Gnojewski, Mrs. Ann Bialczak, Mrs. Donald Maeras, Mrs. Cora Barr, Mrs. Voloski, Mrs. Sally Maeras, Mrs. Nigel Maeras, Mrs. Maxine Costoff and Mrs. Winnie Sasyk taking part. The evening's prize was awarded to Mrs. Donald Maeras.

Mrs. Costoff spoke of the attendance and trip to the State fair in Springfield. The next meeting will be held Sept. 18.

### BIRTHDAY CLUB MEETS

Mrs. Josephine Orescovich entertained members of the Birthday Club in her home at 1138 Princeton drive Tuesday. Games were played upon arrival of the members and lunch was served by the hostess.

The game period was resumed after lunch with Mrs. Helen Hinterser, Mrs. Ann Podnar, Mrs. Veronica Kula, Mrs. Nettie Gnojewski, Mrs. Caroline Raffae and Mrs. Catherine Conraux participating. Mrs. Conraux was the day's winner in games played. She also will entertain in her home for the next birthday observance.

### Parked Auto Struck

While pulling away from the curb, an auto driven by John W. Parker, 2223 Nevada avenue, struck the rear of the parked car of Larry D. Miller, 316 Madison avenue, at 8:45 p.m. Tuesday at State street and Niedringhaus avenue. Parker was charged with careless driving.

### Prater-Boswell Engagement

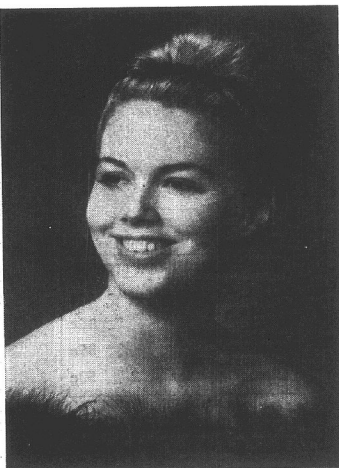

Mrs. Wilma Boswell, 4764 Warnock avenue, has announced the engagement of her daughter, Miss Lynne Anne Boswell, and Paul H. Prater, whose parents are Mr. and Mrs. Paul E. Prater, 4813 Warnock avenue. The wedding will take place Sept. 16.

The bride-to-be is a graduate of Granite City high school and was first runnerup in the Miss Granite City contest in 1965. She attended Southern Illinois University for a year and a half and is now employed in the offices of the Laclede Steel Co., St. Louis. Her fiancé also attended Granite City schools and is studying at Southern Illinois University-Southwestern campus, where he is a junior. He is employed by the Laclede Steel Co., Madison. The wedding will take place at Nameoki Methodist Church with the Rev. Judson Souers officiating.

### Moose Women Plan Boath

The Women of the Moose met last night in the Moose Hall. Mrs. Doris Martin, senior regent, was in charge. Plans were made for a boath at the Nameoki Village Beach Days, and the members were asked to contribute in order to fill the boath.

There also was a discussion of members heard a report of an executive meeting in Belleville arrangements to send the Junior Graduate Regent to the state convention in Peoria Sept. 28 attended.

BRIDE-TO-BE, Miss Lynne Anne Boswell, who will be married to Paul H. Prater, a son of Mr. and Mrs. Paul E. Prater, 4813 Warnock avenue. The engagement is announced by the bride-elect's mother, Mrs. Wilma Boswell, 4764 Warnock avenue.

### OVERBY FAMILY HOLDS ANNUAL PICNIC

The Overby family held their annual picnic this week at Wilson Park.

Those attending were Mr. and Mrs. Robert Waco and children, Gayle, Mary Beth, Mark and Steve, Mr. and Mrs. Bill Barker and Miss Nancy Hinson all of Hazelwood, Mo.; Mr. and Mrs. George Dink and children, Ruth, Bobby, George, David and Lynn, Mr. and Mrs. Frank Minaric and children, Mary Ann and William, Mr. and Mrs. William Black, Mr. and Mrs. Robert Stanton and children, Robin and Danny, Mr. and Mrs. Charles Morris and children, Ernest Lee, Chuck, Pam, Lisa, Patty, Paul and Mike, Mr. and Mrs. Gene Ross and son, Larry, Mr. and Mrs. Norman Kinder Jr. and son, Norman II, Mr. and Mrs. Clifford Barr, Mr. and Mrs. Joe Stefanoff and children, Jeannine, Rhonda, Butch and Sam, Mrs. Beaulah Ross, Mr. and Mrs. Waldo Dalton, Mrs. Beverly Weishan and Miss Angela Moor.

### Legion Unit 113 Holds Meeting

American Legion Auxiliary 113 met last night with the new officers in charge.

Mrs. Pauline Birks presided and a new Junior member, Terry Lynn Hawkins, was accepted. Final plans were made for a boath at the Nameoki Village shopping center during Charity Days, and games were played with prizes going to Ethel Petri, Terry Hawkins, Mildred Rees, Dorothy Best, Helen Qualls, Melba Wade, Pauline Birks, Esmer Harris and Dorothy McCain. The attendance award was won by Mrs. Loretta Goeller.

### WSCS Plans Annual Bazaar

An executive meeting of the Women's Society of Christian Service of Niedringhaus Memorial Methodist Church was held last night in Wesley Hall with 19 members attending.

Mrs. Harold Briggs presided, and program sheets for the coming season were distributed among the circle leaders. A number of members from the church assisted at Neighborhood House recently.

The annual bazaar to be held this fall was discussed. Mrs. Virgil Mobley will serve as general chairman this year, assisted by other chairmen, Mrs. Glen Wolfe, kitchen; Mrs. Kay Henley and Mrs. John Lerch, dining room; Mrs. Elmer Frohardt, decorating; and Mrs. Ida Cariss and Mrs. Jack Taylor, tickets. Various items to be sold at the bazaar were on display at the meeting.

### Bride-to-be Is Honored

A pre-wedding party and shower honoring a bride-to-be, Miss Linda Jackson, of St. Louis, was given this week by Mrs. Doris Thompson, 2146 Woodlawn avenue.

Miss Jackson will be married Sept. 2 at St. John United Church of Christ to Daniel Ham. The appointments of the shower carried out a bridal theme, and prizes in the games were won by Mrs. Margaret Clark, Mrs. Margaret Thompson, Mrs. Melba Ham and Mrs. Helen Ham.

Others to whom refreshments were served were Miss Nancy Jackson, Mrs. Emily Clark, Mrs. Blanche Sage, Mrs. Vera Sage, Mrs. Grace Ham, Mrs. Emma Jackson, mother of the guest of honor.

### Clergymen of Area To Study Finances

Clergymen of all faiths from southern Illinois will take a close look at finances next week when they gather at Perry Marquette Lodge, Grafton, for a five-day conference on economic education.

Sponsored by the Clergy Economic Education Foundation in cooperation with Southern Illinois University-Southeast, the program starts Sunday, Aug. 27, evening under the guidance of SIU's Center for Business Services.

A host of speakers from various economic fields, education and the clergy have been assembled to discuss many facets of the economy. Among them are Olin W. Davis, director of CEEF, The Rev. William Hogan, director of research, Fordham University, both of whom will speak the first evening, and John Hicks, executive assistant to the president of Purdue University, where CEEF is headquartered.

Local talent from whom the 50 participants will hear are Gerald T. Dunne, vice-president of the Federal Reserve Bank in St. Louis; E. A. Karandjeff, president of Granite City Trust and Savings Bank; and Herman Haag, professor of agricultural economics at SIU's Agricultural Industries School at Carbondale. The program will include lectures and panel discussions. Arnold G. Franke, director of SIU's Center for Business Services at Edwardsville, who was a prominent developer of the conference, said the proceedings will focus on interpreting economics to clergymen. He said ministers have a responsibility to parish members who sometimes are disturbed by economic problems. He noted that CEEF, which was formed in 1957, is based on the premise that clergymen, through sermons and counseling, are responsible for helping citizens to develop understandings of our economic order.

### State Job Openings Announced Today

Miss Maude Myers, director of the State Department of Personnel today announced a special recruitment drive to fill existing vacancies and establish eligible lists.

"If you are interested in using ability and initiative to achieve a satisfying work career, your interest in employment with Illinois state government is invited," Miss Myers said. "Good starting salaries, and fine promotional opportunities are just two of the benefits that attract ambitious, qualified people to government employment. Positions exist in virtually every field."

Miss Myers stated that positions exist throughout Illinois, and interested persons with training, education and experience in any of the positions covered by the State Merit System should apply to Robert P. Gonnell, recruitment supervisor, Department of Personnel, 506 Centennial Building, Springfield, Ill. Positions of interest to Madison county residents are: Employer relations representative, \$600 to \$725; Employment counselors I, \$580 to \$747; Employment counselors II, \$615 to \$805; Medical x-ray technician I, \$425 to \$505; and Personnel technician I, \$550 to \$685.

### St. Louis Would Sell Airport to Area Authority

The city of St. Louis is willing to sell Lambert Municipal Airport to an area-wide Metropolitan Airport Authority, if one is established, for a price that would range from \$150 to \$200 million, St. Louis Mayor A. J. Cervantes told an airports subcommittee of the East-West Gateway Coordinating Council yesterday.

The mayor announced the decision in an East St. Louis meeting with the Gateway Council committee which has been assigned to study the feasibility of establishing a Metropolitan Airport Authority to operate airport and aviation facilities on an area-wide basis.

Mayor Cervantes told the group that he favors a metropolitan approach to many community hospitals, such as operation of hospitals, penal institutions, parks and similar facilities, and that he once headed a move for a district airport plan which was defeated.

Would Recommend Sale "If it is decided, after exhaustive study, that Metropolitan operation of this (Lambert) and any other airport facilities which might be built is the proper solution to our problems," the mayor told the group. "I am prepared to recommend to the Board of Aldermen the sale of this property at its appraised valuation."

He said the city does not now have a current, professional appraisal, "but I am reliably informed that the valuation would be between \$150 and \$200 million."

Cervantes likened the airport operation to private business by pointing out that "a business corporation which expects a profit through the years from operating profits is still the property of the stockholders. Certainly the stockholders of any firm would never permit giving away the assets which their investment had earned."

Would Require Taxes "I was not elected mayor to give away the assets of our city; but as I indicated, a fair purchase price would be acceptable."

The mayor pointed out that such a plan would mean the entire area would have to establish an airport authority with taxing power since there would be no other means of reimbursing St. Louis for the business services.

"This simply means," he said, "that St. Louis county, Jefferson county, and the counties that might be included in the district from Illinois would have to tax their citizens to purchase Lambert Field. . . . It also means those areas would also have to tax their citizens for future airport developments if these developments could not be financed entirely by revenue bonds payable from earnings of airport properties."

### Threw Eggs at Patrol Car; 3 Boys Fined \$50

Three Granite City youths were fined \$50 and court costs Tuesday in Edwardsville after pleading guilty to disorderly conduct charges filed after they pelted a sheriff's patrol car with eggs last Saturday night.

Fines were levied by Associate Circuit Judge Joseph T. Kollerher against William R. Yarbrough, 18, of 2836 Edgewood drive; James R. Reader, 18, of 2648 Adams street, and Daniel C. Jenkins, 17, of the Granite City Army depot trailer court.

A fourth boy, the driver of the car from which the eggs were thrown, Jeffrey J. Jones, 17, of 2864 Washington avenue, is scheduled to appear in court next Thursday.

The boys were arrested last Saturday night by Sheriff's Deputies Harold Bradshaw and Roy Walker, who reported the windshield of their patrol car was splattered by eggs thrown from a car about a mile south of the Chain of Rocks canal bridge. The deputies turned around and overtook the boys' car after a ten-minute chase.

### CAR WASH PLANNED

The Youth Fellowship of Good Shepherd EUB Church will hold an all-day car wash on Saturday at the church parking lot, 3025 National avenue.

Proceeds from the car washing, which will be held from 9 a.m. until 5 p.m., will be used to send delegates to the EUB youth state convention in Bloomington, Ill., over the Labor Day weekend.

Kenneth Klisch, 16, arrived in Granite City Monday to spend several days visiting his former foster parents, Mr. and Mrs. Onis Carvins and their son, Ricky, of 2300 East 24th street.

Kenneth is now a resident of Father Flanagan's Boys Town in Omaha, Neb., where he is "commissioner" of the 28 boys in his cottage dormitory.

## Court Orders Sheriff To Pick Up Barylak

Associate Circuit Judge I. H. Streper ordered a body attachment Wednesday for former Madison county State's Atty. Joseph Barylak, after he failed to appear in court at Edwardsville Wednesday as ordered.

Barylak, who is facing trial on 17 counts of criminal indictment, was ordered to appear to offer evidence in mitigation of a contempt of court charge issued by Streper last April 20.

He was cited for failing to return funds connected with an estate case which he represented in private practice as ordered last fall by Judge Streper.

Barylak has been indicted on 16 counts of theft and one count of misconduct in office, and a trial is scheduled for Sept. 11 in the court of Associate Judge Austin Lewis.

He resigned as state's attorney effective last Jan. 1, listing illness as the cause. He reportedly is residing in the St. Louis area and has been hospitalized intermittently this year. The county sheriff's office was ordered to bring him into court.

### Driving Charge Filed

David M. Wright, 2036 Fifth street, Madison, was charged with careless driving at Madison avenue and Namooki road at 9:55 p.m. Tuesday.

# Good potato, but we won't use it

This is a NO. 1 grade potato. But we won't use it for Jane Parker Potato Chips because it measures more than 4 inches in diameter. We have minimum and maximum sizes to insure the best chips...the best eating.

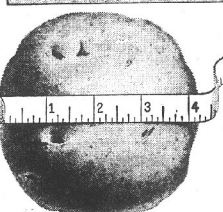

But size isn't the only thing we're fussy about. We'll use only certain varieties of potatoes. There are 20 or more varieties we wouldn't think of using...they just don't make good chips.

We're careful about potato sugar content. It must be low to produce chips of uniform color. We're fussy too about crispness, thickness and lots of other things.

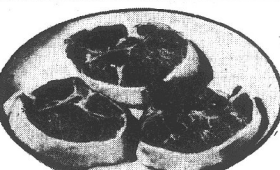

This may seem like an awful lot of fussing, but that's the way we are about all Jane Parker products...about all the products we make.

When you think about it, shouldn't fussy A&P be your store?

The Tops Pledge was read and roll call was taken.

Penalties were taken by Mrs. Virgie Baugus, Mrs. Shirley Paris, Mrs. Lois Hansen, Mrs. Sandra Barrios and Mrs. Helen Townes.

The meeting adjourned with a prayer by the chaplain, Mrs. Townes.

Refreshments were served by Miss Nancy Hadley and Mrs. Maria Jones to the above and Mrs. Bernice Komosa, Mrs. Jackie Gattung, Mrs. Lorraine Gremaud, Mrs. Patricia Lee, Mrs. Elizabeth Bucher, Mrs. Juaita Harrington, Mrs. Marian Kelly, Mrs. Zena Voss, Mrs. Dorothy Brookshire and Mrs. Eileen Cripps.

## ENTERTAIN FOR DAUGHTER'S BIRTHDAY

Mr. and Mrs. Reiner Becker, 2805 Wayne avenue, entertained guests at a dinner party this week to celebrate the first birthday of their daughter, Carol Irene.

The dinner table held a birthday cake with one candle, and those attending were Mrs. Anna

MRS. LEONARD A. SABOL (Linda Lee Rash), daughter of Mr. and Mrs. Travis Rash, 1707 Fifth street, Madison, who was married Saturday at the city hall in Granite City.

Becker of East St. Louis, Mrs. Marie Kravac, Mr. and Mrs. Alvin Kravac, the host and hostess and their family.

## B&PW Plans Fetes For Nat'l Week

The Public Relations committee of the Granite City Business and Professional Women's Club met Monday evening at the new Perkins Pancake House across from Busch Memorial Stadium in St. Louis.

Plans were initiated for a program dinner Wednesday evening, Oct. 18, one of the nine big events to be held in connection with National Business and Professional Women's Week Oct. 15-21.

Attending Monday's meeting were Mrs. Maxine Grissman, co-chairman, Mrs. Ann Burton, Mrs. Gladys Newman, Mrs. Ann Pieper and a guest, Mrs. Edna Kohlbrecher.

## BEARLY'S RETURN TO CALIFORNIA

Mr. and Mrs. Mike Bearly of Vallejo, Calif., who spent the past month with relatives and friends here, have returned to the west. They were married April 15 in Vallejo where the bridegroom, a petty officer third class U. S. Navy, has been stationed. He is a son of Mr. and Mrs. Tom Bearly, 1720 Bremen avenue. Mrs. Bearly will be remembered as Sandra Furtak, a daughter of Mr. and Mrs. Leo Furtak sr., 2541 Morrison road.

Petty Officer Bearly will leave Sept. 15 aboard the USS Chara for his third tour of duty in Vietnam and Mrs. Bearly will return here until his return.

## Bethel 88 Visits Job's Daughters

A regular meeting of Bethel 43, International Order of Job's Daughters, was held Tuesday evening at the Masonic Temple with guests present from Wood River, Bethel 88.

Those escorted to the East for honors and introductions were Miss Charlene Rose, honored queen of Bethel 88, Miss Suzi Rose, a past honored queen of Bethel 88 and honorary sister honored queen, Miss June Fowler, junior past honored queen, Mrs. Eleanor Todoroff, and Mrs. Fanny Love, past honored queens of Bethel 43. Mrs. Mary Laster and Charles Rose, Bethel guardian and associate guardian of the visiting Bethel; Mrs. Neil Baskette, and Dr. E. H. Theis, Bethel 43 guardian and associate guardian, and Miss Pamela Thuis, senior princess, and Miss Peggy Foster, junior princess of Bethel 88.

A letter was read from Col. Charles E. Heskin III, Granite City Army Depot Commander, expressing gratitude to the members of Bethel 43 for participation in the Depot's 25th anniversary parade, and there was a moment of silence in memory of Mrs. Charles Rose, wife of the associate guardian, and mother of the queen of the Wood River Bethel, who died recently.

During the business session it was decided to postpone a car wash from this Saturday to Sept. 9, with the time and place to be announced later. Members also were urged to make their reservations for the ball game Sept. 1. The trip will be made by bus. Material for new chair robes has been purchased by the Bethel, and a request was made for volunteers among the girls and their mothers to meet at the Temple Wednesday to make the robes.

Remarks by the visitors, Mrs. Baskette and Dr. Theis closed the meeting, after which the Mothers Club served refreshments to about 65 members and guests.

## GOP Women's League Meets

A monthly meeting of the Republican Women's Service League was held last night in the home of Mrs. Lily Chaboudie, 2865 Ralph street.

Mrs. Carol Mock led a discussion on United States foreign policy in the Middle East and Southeast Asia, and plans were made for a rummage sale October 7.

Mrs. Peggy Sykes reported on the club's recent campaign activities and a voter list was prepared and presented to the County Committee. Announcement was made by Mrs. Ella Renollet of the 15th annual conference of Republican Women, the first of four to be held. It will take place in Chicago Sept. 21-23 when Senator Everett Dirksen, Governor Charles Percy, the Honorable Thomas Curtis and Supervisor Lawrence K. Roos of St. Louis could be featured speakers. Mrs. Chaboudie and Mrs. Renollet plan to attend. The next regular meeting of the Service League will be held Sept. 27.

## Eagles Auxiliary Plans Events

The bi-monthly meeting of the Eagles Auxiliary, Aerie 1126, was held on Tuesday evening at the Eagles Hall with the president, Mrs. Florence Hagnauer, in charge.

Reports were given by Mrs. Frances Steinman, secretary pro-tem, Mrs. Leon Delatoye, treasurer, and Mrs. Katherine Clark, delinquent chairman.

Mrs. Hagnauer announced there will be a meeting of the District 8 members of the Eagles Ladies Auxiliaries in Jerseyville, Ill., on Sunday, Aug. 27. Elections of district officers will take place at this meeting.

The white elephant prize for the evening was won by Mrs. Margie Hall, and the special prize by Mrs. Ann Sporis.

Assisting social chairman Mrs. Fay Briggs in serving refreshments were Mrs. Margie Hall, Mrs. Delores Klesh and Mrs. Vera Hornyak.

### Rep. Curly Harris

#### Recovering from Stroke

State Rep. Lloyd (Curly) Harris is a patient at St. Elizabeth Hospital where he is recovering from a mild stroke which he suffered Tuesday at his home, 3233 Aubrey avenue.

His condition is excellent and he expects to be released from the hospital in a few days.

### Charge Careless Driving

Joe Walter Jr., 28, of 1117 Bissell street, Venice, was arrested by Venice police at 8:40 p.m. yesterday on a charge of careless driving at Third and Bissell streets. He posted his driver's license pending hearing Sept. 6.

Careless driving charge also was placed against Donald Marquis, 34, of 1741 Delmar avenue, who was arrested yesterday on the Broadway viaduct. He also posted his driver's license as bond pending Sept. 6 hearing.

### Parked Car Struck

The parked car of Thomas Williams, 1804 Fifth street, Madison, was damaged in the trunk at 3 p.m. yesterday when struck by a truck driven by Charles Beckman, 1837 Delmar avenue, according to a report by Madison police. The car was parked in front of the Madison high school at Sken and Parrish streets.

### MORE ABOUT

#### New Population

bers he kept the census tabulators on duty an extra three days before making the presentation to the council.

#### Drop in Old Section

The area of the city showing the drop in population, Mayor Partney said, was the oldest—the original town site south of 23rd street from the east to the west boundary.

"Not only are people moving out of the old section, but we had the expansion of Granite City Steel Co. for its basic oxygen furnace in the 'behind-the-mill' area, causing hundreds of persons to relocate, and there have been other razings of homes for Federal Aid Route 151 through West Granite and Lincoln Place," he pointed out.

Further analyzing the loss of between 3000 and 4000 persons in the area south of 23rd street, the mayor noted that a large number of four-family flats—all substandard housing—have been razed in the 1700 block of Grand avenue, along Benton street and other areas.

Several four-family flats and apartments in the 2000 block of Edison avenue in the downtown district have either been razed for parking lots or converted for use as business offices.

"It's surprising," the mayor said, "that with all the razing and a commercial development south of 23rd street that the loss of population has not been greater."

City Services Wanted He attributed the low rate of loss—compared to other cities—with Granite Cityans' desire for municipal services.

"Families living in the fringe areas want these services, and they are finding their taxes and added costs for special services are about the same as the taxes paid in the city."

The mayor noted that gains in population in the Sixth and Eighth Wards, where new homes and apartments are being built, practically offset the downtown losses.

Authorization was given Monday night for the City Planning Commission to rule on a request by HWR Development Co. for annexation of four lots with homes in the Fifth Addition to Dream Villa subdivision in the 2300 block of Zippel avenue. The request was made by Henry W. Ross.

Major annexations by the city in recent years have been in the Dream Villa area and along East Pontoon road, where there are large tracts being developed. One of the tracts includes the Pontoon Plaza Apartments of Leo Wolf.

Breakdown by Wards The only breakdown of the July special census to date is by wards. It lists 4968 persons in the First Ward, 4420 in the Second, 3578 in the Third, 5892 in the Fourth, 3525 in the Fifth, 6597 in the Sixth, 5784 in the Seventh and 4776 in the Eighth.

Most recent estimates have set the city's population at 42,000 to 47,000, and there were even a few that topped the 50,000 mark. A prediction made in 1955 by a city planning firm was for the city's population to hit 47,800 by 1970 and jump to 54,600 by 1980.

Granite City suffered one other setback in population, according to official census figures. That occurred in the 1930s when the loss was over 2000 persons.

When founded in 1886, Granite City had a population of 922, and four years later in 1900, the total jumped to 3122.

Other census figures show populations of 9903 in 1910, 14,757 in 1920, 23,130 in 1930, 22,974 in 1940, 29,465 in 1950, 34,200 in a special census taken in 1955, and 40,073 in 1960.

The city is not contemplating any change at present in the 40-100 population signs posted at the boundaries.

"Instead," Mayor Partney commented, "we're going to continue to expand and move those signs out farther and farther."

**STUDENTS IN AN OCCUPATIONAL** workshop at Southern Illinois University-Southwestern campus listen to comments given by a panel of industrialists and a labor representative. Speakers, from left, are—Michael E. Makson, supervisor of Zinc Co., Sauget, Ill.; and William Johnson, representative of community services activities for the AFL-CIO at East St. Louis. Workshop director Henry T. Boss, extreme right, serves as moderator. Started Aug. 14, the two-week workshop is focusing on meeting technician needs in the area through occupational training. It offers four hours graduate credit.

#### BIRTHDAY PARTY

A birthday party was held Sunday at Wilson Park for five members of the Mrs. Betty Teller's family including her husband, Lee, brothers Willard Passig, John Passig, and Mrs. Irene Hughes and grandson Chipper.

Others present were Mrs. Willard Passig and sons Timmy, Mrs. John Passig, Mr. and Mrs. Bud Gattung and sons, Kevin and Kenny, Mrs. Pauline Nagle, Paul Passig, Barbara Johnson and Connie Davis.

Games were played, and prizes awarded and a large dinner table was enjoyed by all.

#### Collide in Venice

Cars driven by Bill C. Curtis, 2333 Delta avenue, and Thomas R. Fote, 1673 Third street, Madison, were damaged at 4:35 p.m. yesterday in a collision at Market street and Madison avenue in Venice. Police said Curtis was driving south on Madison avenue and headed east on Market street when the collision occurred.

#### Parked Car Damaged

A parked car owned by James Duckworth, 208 Seb street, Venice, was damaged at 6:35 p.m. yesterday when it was struck in front of Duckworth's home by a car driven by Pearlite Williams, 1123 Market street. Venice officers said the Duckworth car was struck in the rear end.

## Four Injured In One Accident; 15 Mishaps In Area

Four persons were injured in one accident and two were injured in another mishap as a total injury toll of eight persons was reported by Quad-City authorities since Monday. Seventeen accidents were reported.

Four persons were injured when autos driven by Fannie M. Williams, 41, of East St. Louis, and Michael J. Riley, 23, of St. Louis, collided at 8:10 p.m. Monday at 18th street and Cleveland blvd.

The Williams woman and Eugene Williams, 58, of the same address, were taken to St. Elizabeth Hospital. She was treated for contusions to her forehead and was released. He was admitted after suffering unconsciousness with contusions to the right side of the head.

Riley and Katherine Riley, St. Louis, also were hurt. Riley was charged with failure to yield the right-of-way with a control present.

Two Passengers Injured  
Two passengers were injured when autos driven by Daniel Harris, East St. Louis, and Wesley Hubble, 2415 Cardinal avenue, collided at 7:40 p.m. Wednesday at Edgewood drive and St. Clair avenue.

Taken to St. Elizabeth Hospital were Danny Hubble, 15, the Cardinal address, and Margaret Kirksey, 19, of 2317 Edgewood street, who was treated for a half-inch forehead cut and was released. The Kirksey girl refused treatment by local physicians for a right foot injury, asked for an x-ray and then decided to consult a St. Louis doctor, the hospital reported.

Norbert R. Boyer, 31, of 1741 Bremen avenue, was injured when his auto was involved in an accident with a panel truck driven by Bobby H. Paulkett of Milstadt at 1:20 p.m. Monday at 2800 Nameoki road. Boyer was treated at St. Elizabeth Hospital for pains to his left shoulder and ribs and was released.

Mrs. Thelma Findley, 28, of 137 Garcoche Homes, Madison,

## GC Race Horse Owner Elated Over 1st Win

Henry Bailey, 2538 Lincoln avenue, doesn't recall how he got out on the racetrack, but a friend who was less overjoyed claims that he leaped across a barrier and a fence to be the first to greet his horse, Candy Hart, after it streaked across the finish line at Fairmount Park.

The recent race which Candy Hart, so named because its owner \$800 rich and Bailey was even happier because his horse won.

General Steel Employee  
During the week, Bailey works at General Steel Foundries where he is general foreman of the core department. On week ends he goes out to the racetrack to watch Candy Hart run, or out to his farm in Edgewood where he has two yearlings and two brood mares.

When he retires in the near future, he plans to devote full time to raising race horses. For the present he is concerned with having Candy Hart ready for the big stake race at Fairmount in November for which the recent win has probably qualified.

Shortly after he bought the horse a year ago, it developed a chipped bone in the hock joint (which corresponds roughly with the ankle of a man). He rushed Candy Hart to the animal clinic at SIU where, after much sweat and tribulation in the waiting room, a successful operation was performed.

Now before every race he stands tense and nervous at the rail, hoping for the best but fearing the worst. Sometimes he may place a bet, but not often.

was injured when an auto driven by Charles Findley, same address, was struck from behind while waiting to make a left turn at Pershing blvd. and Nameoki road by another auto driven by Thomas D. Stephens, 2640 Madison avenue, at 2:20 p.m. Tuesday.

Stephens proceeded to drive away but struck the left side of the parked auto of Dwight R. Padgett, Mt. Carmel. He was charged with driving while intoxicated and following too closely.

Mrs. Findley was taken to St. Elizabeth Hospital where she was treated for a hemistoma and scalp abrasions.

## MORE ABOUT Cash, Watches

were stolen from two Illinois Power Co. autos while they were parked in driveways at the homes of William Patton at 3810 Terrace lane, and Steele Gaston, 3109 Wayne avenue, after Saturday, it was reported at 4:45 p.m. Monday.

A starter box and 500 feet of cable were stolen from a tow truck at the home of Arlie Marsh, 2605 West 20th street, it was reported at 8 a.m. Wednesday.

Juvenile records containing names starting with the letter "M" were stolen in a burglary at the Coordinated Youth Service office, 1830 Edison avenue, during the night, it was reported at 9:10 a.m. today. Nothing else was reported missing. A filing cabinet was pried open. A wooden panel on the north side of the building was broken to gain entry.

Purse, \$93 Stolen  
Alice Hodges, 2589 Lynch avenue, reported at 2 p.m. Monday that a thief removed a wallet from her purse placed in a cloak room cabinet at the Bellemore Reese drug store, after 12:30 p.m. Missing from the wallet, which was found later in the 2900 block of State street, were \$83, a credit card and a charge plate.

Ralph Strain, proprietor of Ralph's Texaco service station, 2200 Madison avenue, reported that \$20 in quarters was stolen from the cash register of the station on Sunday. There was no sign of forced entry.

Granite City police found an auto stolen from Leonard M. Cuchna, 1617 Lindell blvd., Monday across from a barn west of West Pontoon road and Route 3 before the owner knew it was missing. The rear glass was knocked out and the windshield had a number of marks in it. A small hammer may have been used by the thieves.

1962 Auto Stolen  
A white 1962 auto owned by Donald Stucke, 1613 Clark avenue, was stolen while it was parked momentarily at the Bellemore Reese drug store, he reported at 9:10 p.m. Tuesday. Two persons were seen to drive away in the car when Stucke entered the store. The car was recovered by Kansas State Police.

Burglars pried open the south side door of the American Legion home, 24th street and Madison avenue, it was reported at 8 a.m. today. The burglars apparently were scared away when inner doors to the club room and meeting hall were undisturbed.

Lester White, 20th and State streets, reported at 8:30 a.m. today that his white over pink 1959 auto was stolen from his home.

## Tri-City Park Tabernacle

### Cross-Town Parade Sunday To Mark Church Opening

The congregation of Tri-City Park Tabernacle will parade across the city Sunday morning to mark the opening of the new church building at Maryville road and Clark avenue.

The motorcade will assemble at 12th and Meridian streets, site of the present church building, at 10:30 a.m., and is expected to arrive 20 minutes later at the new church location, in time for 11 a.m. worship services. The public is invited to attend Sunday morning's service, the first to be held in the new building.

Designed with a fan-shaped auditorium capable of seating 600 persons on the main floor and 75 in the balcony, the new church has over 100 rooms which expand the seating accommodation to more than 1000 persons.

A burgundy brick wall in the chancel area, furnishes an attractive contrast with the white plastered choir rotunda, and a controlled lighting system has been installed so that varied intensities and color of lighting may be suited to the religious setting.

Pews are upholstered in gold nylon and the sanctuary is carpeted throughout. The entire building is air-conditioned by an 8-ton refrigeration unit.

The educational unit is adapted to the most modern methods of religious education, Rev. Shoemaker explained. The area contains 14 master-size classrooms,

## Building Estimate Course to be Given

The University of Missouri at St. Louis is sponsoring a Building Estimating and Contracting course which will meet from 7:30 to 9:30 p.m., for 16 Wednesdays, beginning Sept. 20 and ending Jan. 17, 1968, at Normandy, Mo., junior high school, 7850 National bridge road. It was announced today. The non-credit course fee will be \$40.

The course is designed for contractors, estimators, foremen, superintendents, building tradesmen, mechanics, home builders, and others who are interested in this field. A knowledge of blue print reading is desirable.

The course will teach methods of computing quantities in the correct estimating of a building; proper methods of taking off items of concrete work; discussion of details concerning ma-

sonry, rough and finished carpentry, and excavation.

Ralph F. Howison, a registered architect in Missouri and employed by Sverdrup and Parcel and Associates in St. Louis, will be the course instructor. His duties with the firm include general architectural planning of large industrial plants and preparation of budgets and estimates.

Persons interested in the course may contact the University of Missouri Extension Division, D. Everett Thomas, Coordinator, 8001 Natural Bridge road, St. Louis, or telephone EV 9-2000, Extension 76.

Drop out of school now and that's what they'll call you all your working life

Nobody looks down on a man with a good education. People respect him. They know he's got what it takes. You know it. Everybody knows it. A good education always shows. And so does a small education. Which will you have?

Remember: respect is only one of the things a good education gets you. It can also get you a good job. A good salary. And a real chance to enjoy more of the good things in life.

So if you're in school now... stay there! Learn all you can for as long as you can. It can really make a difference. If you're out of school, don't give up. You can still get plenty of valuable training outside the classroom. And it's well worth the effort.

For details, see the Youth Counselor at your State Employment Service. Or visit a Youth Opportunity Center, which has been set up in many cities to help you.

## Chouteau Island Landfill To Get Operating Permit

The Chouteau Island Landfill, closing of which has been sought by a group of Chouteau residents, will be granted a Madison county operational permit as soon as its operators comply with a minor fencing requirement.

A decision to grant the permit was reached by the Sanitation Committee of the County Board of Supervisors during a meeting in the courthouse at Edwardsville following an on-site inspection of the landfill by the committee and Jack Clifford, administrator of the county's building and zoning department.

An estimated 30 area residents were present during the session which was made in response to charges by the citizens group that the dump is operating in violation of regulations in the county's Landfill Ordinance, particularly that it is digging too deep into the water table and that it is flooding drainage that results in blocking a 200-acre area north of the landfill.

Clifford said inspection of the dump indicates it is "the second best operation of a landfill in the entire county." He said there is no defined drainage ditch in the area and that there is no evidence of digging to excessive depth. In addition, he said, the dump operators have installed an all-weather road and otherwise complied with virtually all ordinance requirements.

**Wants Fence Erected**  
Carl Buehler, Granite City supervisor who is chairman of the Sanitation Committee, informed San. Murphree, St. Louis operator of the Chouteau Island Landfill Corporation, that a permit will be issued if fencing is erected. Murphree said the fencing would be installed within two weeks.

Buehler said: "We inspected the landfill thoroughly and there can be no question that the operation is not violating the water table regulation. They are not going more than 10 feet below the surface in their present operation."

Buehler pointed out that the landfill now is using a trenching system in which a trench is dug, the refuse pushed into the trench and then covered over. "This compacting method eliminates rats," Buehler said.

Like Clifford, Buehler insisted there was no sign of a drainage ditch, nor any indication that there was a ditch that had been filled in or obstructed.

Clifford said the committee also requested the landowners to confine operations to smaller areas to permit full efficiency in covering over refuse each day.

With exception of the fencing and closer concentration of operation, the Chouteau Island landfill "is at the stage of compliance with the ordinance," Clifford said.

Mrs. Fred Segar, chairman of the citizens group which has been seeking shutdown of the landfill operation, said that petition against operation of the dump which will lead to a court test of a recent amendment designed to keep Missouri trucks from dumping in the landfill are being circulated.

"We didn't picket the place when we went to the inspection Monday," Mrs. Segar said, adding that "we wanted to see what was going on. The delegation of residents did not attend the committee meeting in the courthouse."

Buehler said that the operators of three other landfills also appeared before the committee meeting Monday afternoon and that one of them, Emil Werner, Alton, informed the committee

## GC Council Still Fighting Fund Transfer to Clear Deficit

The city's financial picture is not as bright as Granite City aldermen are supposing, it was brought out to them again Monday night.

Faced with the task of "wiping out" the large "paper balance" for the sales tax account to clear the "paper" red figure for the maintenance of sewers account, the aldermen are continuing to stall approval of the transfer resolution.

For the past several years, the sewer maintenance account has shown a deficit on the monthly financial reports because of costly repairs to the Nameoki area sanitary sewer system and to a main sewer trunk under east 28th street.

Since all city operating funds are in a single bank account, the bills for repairs to the sewers were paid from available funds.

**Seeks Details on Costs**  
Alderman Moerlein called for an accounting of all funds spent for the sewer repairs, and Nomm noted that the transfer would "cut the city pretty thin early in the fiscal year."

Repeating the explanation he has made at several recent council sessions, Alderman Rutledge, chairman of the Finance committee, stressed that all of the sewer repair bills have been paid, and it has been the council's reluctance in past years to transfer funds that has created the "false picture" of a large reserve in the sales tax account.

The resolution re-submitted Monday night calls for transfer of \$77,000 from the working cash fund to the sewer maintenance fund, a total of \$102,027 to the sewer maintenance fund.

"We just don't have the money in the reserve," he has been heard to say, "it's just a case of the financial report showing a red figure for the sewer maintenance and an untrue high balance in the sales tax and working cash funds. It's time we straightened this out, so we know where we stand," Rutledge added.

**Bookkeeping Transaction**  
"To pay those sewer repair bills, it was necessary to use what money was available. This is just a case that the city council hasn't wanted to face the lower sales tax reserve. All we're asking with this resolution is a bookkeeping transaction," the Finance committee chairman explained.

"We've spent it, and now we have to account for it by changing the figures on the report to show the correct figures. We've been giving the impression of having what we do not have," Rutledge told the council.

Moerlein's motion for a report on the sewer repair bills was approved, and the transfer resolution was put aside.

The entire matter came up several months ago when City

Treasurer E. R. Rich received legal advice that it is unlawful for checks to be written on deficit accounts, a practice that has been followed for years.

**Monthly Report**  
The city's monthly financial report for July was presented to the council by Comptroller Robert Stevens and showed balances of \$266,080 in the general fund accounts and \$377,839 in the special accounts.

The working cash fund balance on July 31 was \$133,908, while the sales tax reserve amounted to \$140,862. The deficit in the sewer maintenance fund totaled \$55,985.

Even with the balances in the general fund and special fund totals, there were other accounts that had deficits on July 31. The collection account had a deficit of \$1645; interest and judgment, \$2101; dog catching, \$83; city planning, \$449; and air pollution control, \$371.

To correct these smaller deficits, the council did take action Monday night to authorize transfers of funds. The resolution transfers \$20,000 from the sales tax account with \$200 going to the election account, \$6000 to in-

terest and judgment, \$2000 for dog catching, \$5000 for city planning, and \$1000 for air pollution control.

On the brighter side, the council accepted reports received from the state that its sales tax income for May amounts to \$26,881 and the July allocation of motor fuel tax funds totals \$28,443.

**Service Occupation Tax**  
Corrective steps also were taken to add to the sales tax with re-adoption of the 3/4 of 1% tax on services. Instead of just being a tax on parts or materials, the tax is to be applied to the gross receipts of the service-man.

City Atty. Allen explained the city's original ordinance, passed last month, was based on a sample sent out by the Illinois Municipal League and found to be in error.

At first, the council voted down the corrected ordinance, but after Allen's explanation, it was approved.

The city's bill list for the past two weeks included \$2664 for expense allowances for the mayor, tax account with \$200 going to the election account, \$6000 to in-

The payment was opposed by Alderman Moerlein, who said he did not believe the funds for payments had been budgeted in the current fiscal year.

However, Rutledge replied that an extra \$600 had been placed in the contingent fund for the allowances.

Of the total, \$2160 is for the former \$20 monthly allowances for the aldermen, \$434 for Mayor Partey and \$250 for Street Supt. Warfield.

Other major expense items on the bill list were \$2678 paid to Illinois Power Co. for street lighting in July, \$1587 paid to East St. Louis & Interurban Water Co. for July rental on 384 fire hydrants and \$10,000 paid to National Disposal Service for August trash and garbage collections.

## Home Booby Trap Is the Stairway

A booby trap in the home is the stairway, according to the Quad-City Safety Council. While other rooms and other parts of the home provide the settings for a greater number of home accidents each year, stairway mishaps are among the most dangerous, for they are more likely to produce a serious injury, or result in death.

The council reports that four vital keys to fewer accidents in your home are: Safe stairway construction; good stairway housekeeping; adequate stairway lighting; alert, sensible stairway usage.

A few basic rules for using stairways safely are:  
1. Never run or hurry up or

downstairs.  
2. Always keep your eyes on the steps just ahead of you. Never carry anything in such a way that your vision is obstructed.

3. When carrying bundles, packages or other objects, always leave one hand free to grasp the rail.  
4. Always take one step at a time.

5. Always think of what you are doing. Inattention may cause you to miss the timing of your steps.  
6. Remember that it is as easy

to fall going upstairs as down, by stumbling, by hooking the toes on the edge of the treads, and in other ways.  
7. Never allow small children to play at the head of or on stairways.

8. Always assist the aged when they use the stairs.  
9. Be sure that stairways are lighted when used at night or on dark days.

### Oriental Session Monday at Central High

An orientation session for seventh graders at Central Junior high school will be held from 9 a.m. until noon Monday.

The buses will operate and pick up approximately 8 a.m. Students should report to the auditorium upon arrival at school.

Mr. and Mrs. W. H. Dishong, 2706 Madison avenue, were in Olney, Ill., Monday to attend the funeral of the former's sister, Mrs. Meta Musgrove, 88, who died Aug. 16 in the American Hospital in Chicago after a prolonged illness. She had been hospitalized three days.

Surviving beside the brother here, is a sister in California, a daughter, one grandson and four great-grandchildren.

## 'New Careers' Program to Provide on-the-Job Experience

The new, two-county anti-poverty training program, the first of its kind in the nation, is expected to get off the ground with recruitment of enrollees and agency-employers by the first week of September, the project sponsors announced.

Financed by a \$600,000 federal grant from the Bureau of Works Program of the Department of Labor, the program is designed to help disadvantaged persons in jobs, hoping the training and on-the-job experience will help them move upward to high-paying, responsible positions on the sub-professional level will be instituted in Madison and St. Clair counties.

Agency representatives from the two-county area have had an organizational meeting at the "New Careers" headquarters, 700 North 20th street, East St. Louis, with members of the project staff, Department of Labor officials and Southern Illinois University-Southwestern campus personnel, who will jointly conduct the training series.

## County Zoning Board Sets Public Hearings

On-site public hearings will be held Sept. 6 by the Madison county zoning board of appeals on three requests for special use permits and to rezone tracts in Nameoki and Chouteau townships.

The first will be held at 10:30 a.m. on the petition of Selden Collins, owner, and Rev. Ray F. Graham, Edgar Byars and Emmet Mosley, lessors, for a special use permit to operate an auto salvage yard in an M-1 limited manufacturing district on three lots at the end of Lake street in the Watson subdivision of Nameoki township.

The next will be at 10:40 a.m. on the petition of Granite City Steel Co., by M. O. McKay, assistant treasurer, for a special use permit to operate a gun club in an M-3 heavy industrial district at Horseshoe lake in Nameoki township.

The other at 11:05 a.m. will be on the petition of Ruby M. Barker, owner, requesting to rezone a tract of land from agricultural to M-2 general manufacturing district on Highway 111 adjacent to the Cecil Johnson road and Chouteau township. The Barker Excavating Co., now located on Lake drive, plans to establish a private recreational area on a 40-acre tract.

Referred to City Clerk Homer Pendleton was a request from the Quack City Reporter to publish city legal notices.

Does Your Health Insurance Know What Your Auto Insurance Is Doing?

There's a lot of difference between your health insurance and your auto insurance. Neither of them are much like your fire or life insurance. Except they all come out of your family's budget. And they all protect the same family. Shouldn't they all come from the same source?

## 'Hire the Handicapped' Poster Winners Announced

Eight winning entries were selected this week in the annual "Hire the Handicapped" poster contest for local junior and senior high school students. Names of the winners were announced today by Malcolm A. Thompson, manager of the Illinois Employment Service Granite City office.

The event is staged each year under the auspices of the Illinois Employment Service and the Disabled American Veterans' organization. Originally, adherence to the contest theme and workmanship are qualities sought by the contest judges.

Capturing first place awards in the Class I and Class II divisions, respectively, were Dan Holmes, 16, of 2013 Iowa street, a Granite City high school junior, and Jane Kinkle, 14, of 2821 Forest avenue, a student at Coolidge junior high school.

Other awards in the Class I division went to Carl Michael Fuller, 17, of 2707 Roosevelt street, a GCHS senior, second place; Beverly Sparks, 17, of 2250 South avenue, a junior at the local high school, third place; and Sue Ann Reaka, 18, of 1214 West Pontoon road, a senior, honorable mention.

Class II division winners, included Janice Brewer, 13, of 2612 Adams street, second place; Mike Loftus, 14, of 3101 Ash avenue, third place; and Pam Haynes, 13, of 3251 Westchester drive, honorable mention.

Entries were judged Monday afternoon at the state employment office, 2050 Iowa street, by Andrew Gitchoff, president of the Young American Veterans' Chapter 53 of Granite City, and William F. Hoelscher, executive secretary, Manufacturers' Association.

The winning posters have been forwarded to Chicago, where judging will take place on a state level in October, Gitchoff said today.

Last year, Vicki Windsor, 16, of 2811 Iowa street, a Granite City high school student, took first place honor at the state contest, with Loren Walor, 15, of 2811 Iowa street, capturing a third place win in the downstate division.

## Governor Signs Bill for \$1 Billion Bond Election

Legislation authorizing a statewide referendum in November 1968 on a \$1 billion bond issue for development of natural resources was signed into law Monday afternoon by Gov. Otto Kerner at Springfield.

If approved, the bond sale would finance a 15-year program proposed by a technical advisory committee on water resources headed by Gene Graves, director of the Illinois Department of

Business and Economic Development.

The program would provide for control of air and water pollution and the acquisition, management and conservation of water related recreational areas. The bond issue and companion bills signed by the governor represented a compromise between plans offered the legislature by the governor and by the Republican leadership of the General Assembly.

If approved, the bond issue would generate another three-quarters of \$1 billion in matching federal grants that otherwise would be unavailable to state and local government agencies, Kerner said in signing the measures.

Tax relief to industries that install air and water pollution control equipment and long-term, low-interest loans to government agencies for such equipment are provided by the bills. Provisions also are included for guaranteeing low-interest loans to industries installing pollution control equipment.

Eleven civic organizations interested in air and water pollution control were present when the governor signed the bills.

A breakdown of expenditures proposed under the bills: Water pollution, \$400 million; Air pollution, \$50 million; Recreation, \$200 million; Flood control, \$100 million; Water Management, \$100 million; and Water supply, \$150 million.

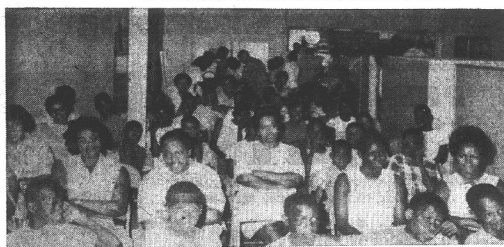

## Urban at Scott AFB With ROTC Cadets

Anthony T. Urban, son of Mrs. Heier Urban of 940 Greenwood street, is participating in a U. S. Force Reserve Officers Training Corps (AFROTC) field training encampment at Scott AFB, Ill.

Cadet Urban, a student at St. Louis University, is one of some 5700 AFROTC cadets attending four-week encampments this summer at Air Force installations throughout the country.

During the encampment cadets become familiar with the life and activities on Air Force bases and can examine career opportunities in which they might wish to serve as officers.

Other aspects of the course include survival training, aircraft and aircrew indoctrination, small arms training and visits to other Air Force bases.

MADISON-VENICE RESIDENTS who gathered for the Parent-Scouters meeting recently at the Madison Community Service Center, 145 Madison avenue, to hear an outline of Boy Scout programs. Tom Workman, a rookie for the St. Louis Basketball Hawks, was guest speaker, and the scouting program was given to the 80 persons present by Curtis Stover, Cahokia Mound council commissioner.

## \$35,000 Suit Filed Over Fatal Accident

A suit seeking a total of \$35,000 has been filed in Madison county circuit court by the Granite City Trust & Savings Bank, administrator of the estate of Lono Lee Harvey, deceased, for the use and benefit of his wife, Elma Harvey, and for injuries sustained by Mrs. Harvey in an auto accident last Dec. 11 on Route 3 near the Granite City animal shelter.

The defendant is Clara Zamarioni, administrator of the estate of Frank Zamarioni, deceased. The complaint alleges that the Harvey auto had collided with another driven by a Mark Mayhew, who had become intoxicated at the Zamarioni tavern at Pontoon Beach. The suit seeks \$30,000 in dram shop proceedings and \$5,000 for injuries sustained by Mrs. Harvey.

Mrs. Alan Dale will be guest soloist at the morning worship services of Niedringhaus Memorial Methodist Church Sunday. Mrs. Dale, a member of the Nameoki Presbyterian Church, was a soloist for the "Music Under the Stars" concert in Wilson Park during the summer. She will sing in both morning services at 8:30 and 10:40.

Rev. R. Paul Sims, minister of the church, will deliver the sermon, continuing the series of messages on the Sermon on the Mount.

## Granite City PRESS-RECORD

Thurs., Aug. 24, 1967 Page 31

The theme for the morning worship services will be, "Salt, Light, and Leaven." The evening worship hour will be held in Wesley Hall with a period of informal singing followed by the sermon. Rev. Sims will preach on the theme, "The Requirements of Righteousness," another in the series on the Sermon on the Mount.

### Boys Baseball Tourneys To be Held at Park

Granite City park district will hold its fourth annual boys' baseball tournament Saturday and Sunday, Aug. 26 and 27 at the Wilson Park diamonds starting at 10 a.m. Saturday.

At present, 22 teams are listed to compete in the tournament, representing nine nearby communities.

Teams from Lebanon, Hazelwood, Overland, Florissant, St. Ann and Chesterfield will represent the Missouri side of the river, while Illinois is being represented by Granite City, Alton, Edwardsville, and Centralia.

Team pairings have not been announced yet but will be published in Thursday's issue.

Ron Dillard, tournament director, outlined the following set of rules governing the teams in the contest:

#### Tournament Rules

(1) The Granite City park district baseball tournament shall consist of regularly organized teams composed of not more than 15 players classified as:

A. **ATOM CLASS** to include players who have not attained the age of 9 before Jan. 1 of the current year and who must have attained the age of 7 years before May 1.

B. **BANTAM CLASS** to include players who have not attained the age of 11 years before Jan. 1 of the current year.

C. **MIDGET CLASS** to include players who have not attained the age of 13 before Jan. 1 of the current year.

D. **JUVENILE CLASS** to include players who have attained the age of 13 before Jan. 1 of the current year.

(2) By failure to comply with the rules of the tournament the director of parks and recreation shall have the power to expel the team from the tournament.

(3) Official roster sheets must be filled out in ink and signatures must be written and not printed.

(4) The Granite City park district reserves the right to reject any registration of a team.

(5) The official games of the tournament are to be governed by the rules as compiled and adopted by the Illinois high school A.A., provided said rules are not at variance with any of

the rules of the Granite City park district baseball leagues.

(6) The pitching distances and the distances between bases for all divisions is to be the same as during the regular season here.

(7) The number of regulation innings shall be seven.

(8) In all officially scheduled games in the Atom class whenever a third strike is not legally caught by the catcher, the batter shall be declared automatically "out." No baserunner in the Atom class shall be allowed to advance to another base except by being forced by a walk, hit batsman, or ball hit by batsman or balk.

(9) The "home" team in all games shall be determined by the toss of a coin by the umpire.

(10) Shoes with metal spikes or metal cleats are strictly prohibited on players in the Atom and Bantam classes.

(11) Players in all classifications must wear headgear or similar head protectors while taking their turns at bat and on the baselines.

(12) Teams not ready to start within 15 minutes of the officially scheduled starting time shall forfeit. The umpire shall forfeit the game at the end of the allowed 15 minute period. Should both teams violate this section both shall have forfeited and both shall be charged with a loss.

(13) All that is dishonorable, unsportsmanlike and ungentlemanly is particularly and expressly condemned. The player, manager, coach or team guilty of each violation shall be removed from the game at the discretion of the umpire.

(14) No smoking and the use of foul language by managers, coaches, players, officials shall be permitted during preliminary practice and during the progress of the game.

(15) Any matter not covered by these rules shall be left to the discretion of the Granite City park district.

(16) No infield practice for teams that are scheduled to play on Saturday. You may warm up in the outfield but not the infield.

(17) The Granite City park district welcomes any suggestions for the improvement of the tournament.

### Park Baseball Program Nearing End of Season

The Granite City park district boys' baseball program has ended for many teams, and the remaining few are practicing for the upcoming tournaments Friday and Saturday.

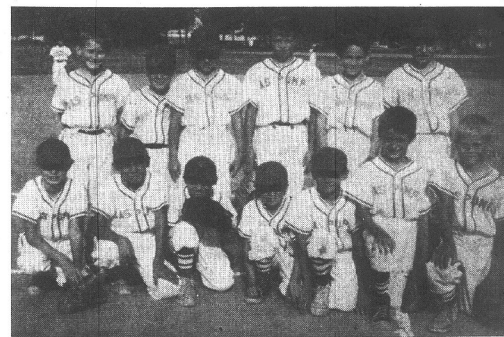

The schedule was tight in all leagues this year, and all first-place teams were defeated at least once. In the past, there generally has been at least one team in each division that has gone undefeated, but this year the competition was greater.

About 900 boys participated in the program, ranging in age

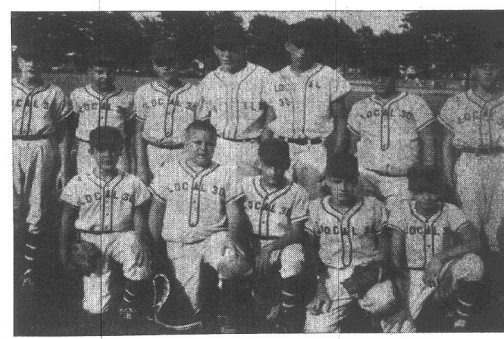

from seven to 17 years. They were divided into age groups and leagues, and team assignments depended upon skills and experience.

It may be the last year for the 16 to 17-year junior division as only three teams were fielded. However, a senior league could be formed next year for youths of 18 to 21 years old.

Park officials noted that players in all leagues, from the junior divisions, learn something much more important than how to win a ball game. Sportsmanship is stressed.

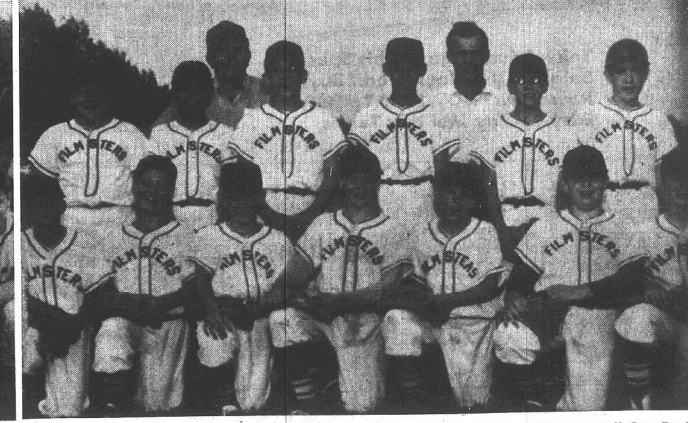

**GAS PUMPS** completed an 11-2 year for first place in the Salty Parker League. Kneeling, left to right—Steve Bowers, Larry Schleicher, Billy Barnes, John Hillberry, Keith Winters, Bobby Hagnauer and Paul Kwiatkowski. Standing—Kevin Konzen, Jim Carmody, Brad Edwards, David Kwiatkowski, Ed Janek and Jim Jackson.

**LOCAL 30** won the Smokey Padgett League. Kneeling, left to right—Joe Swigert, Larry Kenison, Gene Doyle, Jim Conway, and Jack Scarborough. Standing—John Conway, Terry Bernaix, Randy Ganz, Joe Wallace, George Sedabres, Randy Knox and Bob Wiggins.

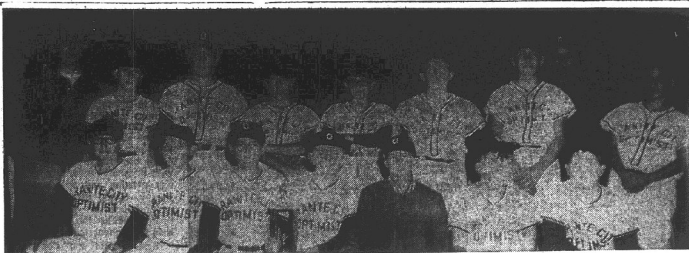

**GRANITE CITY OPTIMIST** won first place in the Jim Holland League, finishing 8-4. Kneeling, left to right—Gary Rushing, Doug Roy, Kevin Brinkmeyer, James Boone Jr. and Barry Loman. Standing, Walter Milton, manager, Steve Melzer, Jon Stagner, Brad Weiss, Walter Milton Jr., Brett Champion and James Boone Sr., co-manager. Absent are Tom Vrenick, Dave Schermer, Timmie Harris and Terry Barton.

**LAZENBY FILMSTERS** finished first in the Midget Police League with a 9-4 season. Kneeling, left to right—David Justice, Terry Downing, Gary Warren, Bob Mathias, Dale Bogovich, Charles Pome-

roy and Mike Stephens. Standing, Jeff Cox, David Raab, Bill Harrison, coach, Russel Cherry, Jerry Wells, Bill Lehmann, manager, Billy Simpkins and Scott Harrison.

**OPTIMIST ALL-STARS** from Granite City who placed second in the second annual Alton invitational boys baseball tournament. Kneeling are, left to right—Kevin Brinkmeyer, Gary Rushing, Steve Melzer,

Jimmy Boone, Milton Worthen, manager, Bruce Henry, Brad Weiss, Jon Stagner, Brett Champion, Walter Milton Jr., Melvin Straud, Jim Boone, manager, and Charles Link.

### Football Rules Meet Planned at Belleville

The 1967 National Alliance football rules will be discussed at a meeting for area high school officials and coaches Sept. 7 at Belleville East high school.

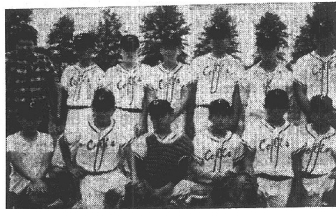

It will be one of 21 meetings being conducted in centers throughout the state by the Illinois High School Association.

The interpreter will be Tom Frederick of Chicago, and Lloyd Elmore, Belleville athletic director, will be the manager. A similar meeting will be held at 8 p.m. Sept. 6 at Litchfield.

### Bullets Play Tonight

The East Alton Bullets will represent the Southwest Illinois Inter-City League in the 1967 Carling Tournament of Champions and will play the Webster Tigers of the Tandy Athletic Association of St. Louis at 8 p.m. today at Fletcher field, Collinsville. Donations are \$1.

**DOG AND SUDS** won first place in the Bantam division Babe Ruth League with a 11-1 year. Kneeling, left to right—Joe Stein, Bob Kurilla, Dave Weisenborn, Mike Frye, Kevin Gavlick and Scotty Brokaw. Standing, Lenny Wright, Richard Frye, coach, Paul Mushill, Cory Worthen, Dale Anderson, Mark Davis, Harold Davis, manager, Arnold Scherir, Jim Gasparovic, Bob Kurilla, coach, and Chris Spahn.

**UNION STARCH CLOTS** finished first, completing a 9-4 season, in the Smokey Padgett League midwest division. Kneeling, left to right—Mike Fulcher, Bob Prill, Tom Keel, Ron Parks, Randy Higgins and Aaron Graham. Standing, Gerald Macior, Kenny Benzan, John Johnson, Robert Gaughan, George Biggs, Bill Parks and Charles Baugh.

**CUBS FINISHED FIRST** in the Dal Maxwell League with a 10-2 season in the atom division. ### Duck Hunting Season To Open on Oct. 28

Duck season will begin at sunrise Oct. 28 and end at sunset Dec. 6, William T. Lodge, director of the Illinois Department of Conservation, announced today.

Hunting hours will be from sunset every day of the season. The daily limit is four ducks and the possession limit is eight ducks. Not more than two mallards, one wood duck, or one canvasback may be included in the daily bag. The possession limit of eight may not include more than four mallards, two wood ducks or one canvasback. The possession limit may not exceed the daily bag limit on opening day.

The limits on mergansers are five a day and ten in possession except on opening day when the possession limit is the same as the bag limit. Not more than one hooded merganser may be killed in one day or two kept in possession.

The seasons for coot and jack snipe run concurrently with the duck season. The daily bag limit is 10 coots and the possession limit is 20. Eight snipe may be killed in one day and 16 retained in possession. The possession limits and the bag limits are the same on opening day.

**Goose Season**  
The seasons will begin at sunrise Oct. 16 and end at sunset Dec. 6, except in Alexander, Union, Williamson and Jackson Counties. Hunting hours are from sunrise until sunset.

In Alexander, Union, Williamson and Jackson Counties, where the most of the geese taken in Illinois are killed, the season will begin at sunrise Nov. 13 and end at 3 p.m. Dec. 24, unless a state quota of 20,000 geese is reached before the scheduled closing date. In that event, the season will be closed by order of the director of the Department of Conservation. Hunting hours in the

four southern counties will be from sunrise until 3 p.m. every day.

The daily and possession limit is five geese. But not more than two Canada geese, or two white-fronted geese, or one Canada and one white front may be killed in one day.

The possession limit may not include more than four Canada geese, or two white-fronted geese, or one Canada and one white front in the aggregate.

Hunters may not ship, mail or transport geese by common carrier, postal service or by another hunter. Geese must be transported as the personal baggage of the hunter who kills them. One fully feathered wing must be left on all migratory birds except doves until they are prepared for cooking.

### Park Tennis Tournament To Begin on Friday

The Granite City park district will hold its invitational tennis tournament Friday through Sunday at the Wilson Park and six Granite City high school courts. Matches will begin at 9 a.m. Friday.

Competitors will be from central and southern Illinois. The tournament is sanctioned by the United States Lawn Tennis Association and the Missouri Valley Tennis Association.

Entries for the tournament closed at noon today and drawdowns will be held at 6 p.m. today. There must be four entries in each event or the event will not be conducted. Each player is limited to three events, and entry fees must be paid in advance. Single fees are \$2.50 and double fees are \$2.00 per player per event.

"SO YOU STILL don't believe me," Marvin Hughes might be saying, as he displays the 6 1/4-pound large-mouth bass he caught in Tablerock Lake in Missouri last weekend.

### GC Boy, 5, Catches 6 1/4-Pound Large Mouth

It's a good thing that five-year-old Marvin Hughes hauled in the 6 1/4-pound large-mouth bass above, because no older fishermen would swallow a one-that-got-away tale so tall that his outstretched arms barely did justice to the fish.

Marvin hooked the fish at Lazy Lakes resort, Tablerock lake, near Springfield, Mo. Neither his father, William Hughes, 3152 Jill avenue, nor his grandfather,

### Labor Day Softball

#### Tourney Set at Park

Pairings for the Labor Day softball tournament were announced today by the Granite City park district. The tournament will start Sept. 2 and will run through Labor Day.

The first round will pit Church B and Branding's at 6 p.m. Saturday, followed by Dog and Suds vs. Dairy Masters at 7 p.m. Sunday. Picking up at 8 p.m. and All Stars at 9 p.m.

Sunday pairings will be Zips vs. Tony & Joes at 6 p.m., Sam's vs. West 2nd at 7 p.m. and Community Heights vs. Abels at 8 p.m.

Monday's games will be Mexico vs. the winner of Church B Branding's, Fairstaff vs. the winner of the Dog & Suds, Dairy Masters game, the defending champion Liberty Home vs. the winner of the Ruzicki Realty-Hamilton Packing game and Kirschner's vs. the winner of the All Stars-Mets game played Saturday at 9 p.m.

There are 18 teams in the slow pitch tournament at present and the teams will play a double elimination tournament.

### Boys Baseball Pairings Set For Tourneys

Pairings were announced today for the Granite City park district's fourth annual boys baseball tournament Saturday and Sunday at Wilson Park. Twenty-three teams will compete.

Teams will represent Granite City, Alhambra, East Alton, Lebanon, Edwardsville, Centralia, Hazelwood, Overland, Florissant, St. Ann and Creve Coeur, Mo.

The tournament gets underway at 10:30 a.m. Saturday when the Bantam and Midget teams pair off on the following diamonds.

Bantam pairings find House Auto Parts of Granite City playing Centralia at diamond No. 3. Alhambra Cubs will play Duchesne Texaco from Florissant at diamond No. 4. State Radio of Granite City will play Home Federal Loan of Overland at diamond No. 5. Flaming Pit of Hazelwood will play the Cardinals from East Alton at diamond No. 7.

The Midget pairings will be Casparovic Agency-Worthen Brick of Granite City vs. the Lebanon Colts at diamond No. 2. Dukes from Overland vs. the Dukes from St. Ann at the high school diamond. Local 30 from Granite City vs. the Eagles from St. Ann at Coolidge diamond, No. 1. East Alton Giants vs. a team to later be announced at diamond No. 6.

The Juvenile pairings at 1:30 p.m. Saturday will be Whiz Kids of Overland vs. Plaza Prescription Game at 1:30 p.m. Sunday at diamond No. 2.

### the downstate fisherman

(Compiled from reports received by information Service, Southern Illinois University.)

August fishing in Southern Illinois offers certain advantages not easily found in the more northern states.

For one thing, there's solitude, along with sparkling clear waters and densely wooded shorelines.

Only a sprinkling of boats dot the waters of Little Grassy, Devil's Kitchen, Lake Egypt and other downstate lakes. Many of the fair weather fishermen have joined the throngs vacationing where birch and pine trees instead of the majestic oaks and hickories shade the waters. Others have put aside their gear until the sun, sweet gum and sassafras leaves begin to show color, indicating the season of warm days and cool nights is at hand.

A can of worms or a bucket of minnows will provide exciting bobber-watching in just about any of the Southern Illinois lakes, even in August, and put meat in the skillet. Crappie are biting freely at Little Grassy Lake and bluegills are hungry at Devil's Kitchen, Lake of Egypt, Lake Murphysboro and Horseshoe.

Floot cans have put in an appearance at Crab Orchard Lake as the channel catfish take their turn at entertaining fishermen. Not so on the Ohio River, however, where heavy rains have turned the river "wild and yellow."

Bass fishermen have turned to the plastic worm almost exclusively, and find an occasional take. At Little Grassy Lake, Rick Hanson of Kankakee, Hazel Roessler of Columbia and Robert Beck of East St. Louis each tallied with three pounders.

Deer Permit Quotas Filled in 11 Counties

Deer permit quotas for Johnson and Wayne counties are filled, the Illinois Department of Conservation announced today. Eleven counties are now closed. They are Carroll, Joy, Davies, La Salle, Marshall and McHenry in northern Illinois; Fulton, Logan and Peoria in Central Illinois; and Johnson, North Pope and Wayne in the southern portion of the state.

school diamond. Bloodworth Realty of Granite City vs. Centralia at diamond No. 4, Community Federal Bank of Overland vs. Kwanis of Edwardsville at Coolidge diamond at 1:30. Because there are only seven teams competing in this division, Barker Trucking of Granite City drew a bye and will play the winner of the Whiz Kids-Plaza Prescription Game at 1:30 p.m. Sunday at diamond No. 2.

## Stretch Fabrics

### Sewing Tips

If you're planning to make a garment of stretch fabric, buy the pattern and fabric at the same time. You can then make sure the pattern can be placed on the fabric to get the stretch in the desired direction.

Stretch fabrics may be woven or knitted with longwise, crosswise, or two-way stretch. Longwise stretch is used in garments like slacks, ski pants and lounge pants. Crosswise stretch may be used in jackets, skirts and dresses. Two-way stretch is used principally for bathing suits and foundation garments.

Garment patterns with simple lines are, of course, easiest to work with.

Any garment made of stretch fabric should feel comfortable and should never feel or look strained or too tight. Because the stretch is in the fabric, the garment may be made with somewhat less ease than you would allow with other fabrics. But the fabric is not meant to be under a continual strain.

### Steam Iron Needs

Occasional Cleaning  
A steam iron will give better service when it's clean. Even though you use distilled water and empty the iron after each use, it should be cleaned occa-

sionally.

You may wish to follow this procedure to keep your iron in condition:

Fill the tank of the iron with a solution of one-half white distilled vinegar and one-half distilled water. Connect the iron and set it for steam until the solution has almost evaporated. Then empty the tank and rinse it twice with distilled water to flush out any residue.

Allow the iron to cool before you use it. If the vinegar odor remains, let the iron stand for several hours or overnight before you use it.

Commercial steam-iron cleaners are available and easy to use.

### Safety Tip for Wives

When your husband leaves the breakfast table well-fed and happy, he is more likely to think and act safely during the day.

A good breakfast is cheap insurance against an accident. A relaxed and enjoyable breakfast of juice, eggs and bacon, cereal, and toast is recommended.

In contrast, a burnt piece of toast with a hurried cup of coffee is often the beginning of an unfortunate chain of events. People who don't eat breakfast are not as alert as breakfast eaters, and they react more slowly.

## Farm Column

Warren W. Bundy  
Madison County Farm Adviser

### Livestock Marketing

E. M. Woods, livestock market consultant for National Stock Yards, reported results of a market study made the past year at a recent meeting at the Paul and Frederick Heepke Bros. farm near Edwardsville.

He reported "How 1000 Livestock Farmers in 35 Illinois and Missouri Counties Voted" on several questions about livestock marketing.

Six traditional ways of marketing livestock, he said, are through the trader, direct shipper, buying station, concentration market, rail grading, and central public market. Then a new method proposed by National Farmers Organization, who think it can be done by contract signing with processors, is called collective bargaining.

Woods said three out of four farmers say price is made by competitive bidding. "Keep the central market, 84% of the farmers said in the survey, but only 58.6% of the farmers support it," Woods reported.

Two out of three livestock producers do not want rail grading to establish price, and two out of three prefer private trading. The survey revealed. Farmers were nearly unanimous (98%) in saying they don't want a market like poultry, in which there is no competitive market, said Woods.

We raised the questions, "How can you have a competitive market system and not support it?" and "Who can profit most from a competitive market where you hire an expert to help you?" "If you lose the competitive system for once, you will never have the competitive system again," Woods said.

He said after his 20 years experience in livestock marketing work in Missouri he thought before beginning his survey that he knew all about livestock marketing. He found out, he said, that he didn't know anything about livestock marketing and he doesn't believe anyone else does either.

There are about 900 ways to sell livestock in Missouri, and 600 ways in Illinois. Seven processors handle 80 to 85% of the meat, and 12 chain stores retail 80 to 85% of the meat, Woods said.

He summarized his observations from the survey by saying farmers want to be a part of a market system—a part of a team that will do livestock marketing. Farmers want to understand the yards companies better, and they want to understand you better. He said the system we use in the future will be determined more by people like you (farmers in Madison and other counties) than by any system devised by anyone else.

"If anyone does anything about it, it won't be government, won't be labor union, I doubt if it will be farm organizations, it will be you," Woods said to the livestock producers.

"If all the hogs in the St. Louis market had to be bought competitively, would it affect price?" he asked, and answered, "I don't only think, I know it would affect price." He estimated it would put \$1 or more on every hog marketed and a similar amount for beef cattle.

Woods said about an improved livestock market. "It would be a market where the farmer, and worth more to the industry, through the retailer, and I can tell consumers they buy food the cheapest here of anywhere in the world."

He said the 1000 farmers in the survey market an average of 320 hogs and 84 head of cattle annually.

Woods worked with county shippers committees in each of the counties included in the survey. In Madison county, the committee is Harold Heepke, chairman; Bud Schmitt, Gen. Givlio, Frederick Heepke and Carl Eberhart. Harold Heepke presided at the farm meeting attended by more than 200 persons.

Several commission firm representatives from National Stock Yards commented about current market conditions as they and guests observed several head of hogs and beef cattle on the Heepke farm.

Dee Perrod of Farmers Commission Co. said about cattle \$2.75 was the top so far this week. He expects a strong market through 1967. Packers are conscious of "cutability" now more so than previously. He thinks we may get in some difficulty next spring with heavy cattle for two reasons. One is with cheap corn farmers may feed cattle to heavier weights. Also, summer and fall a little heavier cattle are coming off grass this summer and fall a little heavier than usual.

Frank Patton of Farmers Commission Co. said about hogs the current market is strong with a recent top of \$1.75. He said, "Buyers want almost 100% meat-type hogs, and you people in the country are to be congratulated for producing these meat-type hogs." "Hog numbers are expected to be down one to two percent the next few months, and \$2.25 to \$2.35 is what we expect the market to work up to," he said.

The ten highest producing herds in the Madison County Dairy Herd Improvement Association in July were owned by Marvin Stille, Samuel Dorsey, Milton Hitz, Leland Steiner, Jim Beane, Wilbur Federer, Norman Henke, Alfred Ambush, Willard Blase and Martin Linenbrocker.

The highest producing herd for the month was owned by Marvin Stille. This herd consisted of 32 cows. The average production was 163 pounds butterfat and 45.7 pounds milk per day with an average butterfat test of 3.6%.

## Raymond Nash Named To Street Dept. Job

Appointment of Raymond Nash, 2520 Pershing avenue, as chairman for the Granite City street department was confirmed Monday night by Granite City council members. The appointment was made by Street Supt. William Warfield to fill a vacancy created by the retirement of Pete Demateias.

Warfield said his department will be at full strength of 25 men when Nash starts work Sept. 5.

Nash, a native of Granite City, has been a teller at Granite City Trust & Savings Bank for the past seven years.

In making the appointment, Warfield said he is filling all vacancies on the department with younger men. "You need them,"

he explained, "because of the strenuous tasks of tree trimming and sewer cleaning." Nash is 32. Two aldermen opposed the appointment. Bartosik and Fry. In other action concerning the street department, the council allocated \$500 of the department's contingency fund for overtime pay. Warfield said overtime costs last year amounted to over \$400. The added pay is needed for emergency work resulting from snowfall and storms and callouts for sewer lift station repairs and emergency sewer break repairs.

## First Services this Weekend In New Glenview Sanctuary

Worship services will be held for the first time this weekend in the newly-completed sanctuary of Glenview Chapel Assembly of God Church, located at Maryville road and Wilson avenue.

Rev. M. W. Wilson, pastor, today invited the public to join with church members in observing inauguration of the new house of worship. He announced that widely-known gospel singers — The Chapeiraes Quartet — will be featured at 7:30 p.m. services Saturday.

Sunday's program will include vocal music by the Glenview Chapel's 30-voice choir, to be heard at the 9:45 a.m. Sunday school session and a presentation of musical selections by the 30-piece church band, at 7:30 p.m. services the same day. Rev. Wilson will speak at the two evening services.

The new auditorium and sanctuary area will seat approximately 400 worshippers, the pastor said. Church members have used the educational department facility for worship and Sunday school classes since the original portion of the building was completed in 1960.

### Started April 1

Construction of the new addition was started April 1. The entire church building now measures 140-feet in length and varies in width from 42-feet to 70-feet. The original structure measures 42x70-feet and contains ten rooms on the first floor. The second floor will be converted into a young people's chapel, Rev. Wilson explained.

A feeling of spaciousness is accentuated in the new sanctuary through use of a concave ceiling of light oak, criss-crossed with laminated dark oak beams. The interior walls are built-colored brick, matching the building's exterior.

## GC Dealers to View New Chrysler, Plymouth Lines

Management and sales personnel of the Elledge Motor Co. and Maddox Motors, Inc., of Granite City will get a preview of the new 1968 lines of Plymouths, Chryslers and Imperials at a meeting in St. Louis Aug. 28.

The preview is one of 21 being held in various parts of the country for dealers and their sales staffs. The car showing will take place immediately after a closed-circuit television showing of a business meeting for dealers and salesmen in Detroit. Executives appearing on the telecast will discuss the 1968 models and their new features.

## \$25,000 Suit Filed Over Fall at Plant

A suit for \$25,000 has been filed for George Cluster against Granite City Steel Co. in Madison county circuit court at Edwardsville.

The complaint alleges that on June 15, 1966, while Cluster was employed as an ironworker by the Universal Delta Co. on the local plant expansion project, he fell from a roof and was injured. He charges a violation of the Structural Work Act and that the company was negligent by not providing a proper scaffold.

**WAYNE B. SIEFERT**  
Extension Ornamental Horticulturist  
for St. Clair and Madison Counties

Early fall fertilizing will pay the ideal combination for straw-berry plants to develop an abundant crop of flowers and proper maturity. Doll stresses the need for nitrogen, recommends 33-0-0 as one of the best. Broadcasting over the row insures good coverage, at a rate of one pound per 200 feet of row or 2.5 pounds per 1000 sq. ft. Do not permit the fertilizer to stay on the strawberry leaves as it will cause burning. Brush off the plants with a brook or drag a sack or rope over the row.

Many feel on fertilizer application about Labor Day is adequate, but extra quality will result when a late August application is followed by another application in mid-October. If you plan two applications, apply one pound of nitrogen for every 1000 sq. ft. of turf. Calculate the number on the bag. As an example, 20-10-5 has 20 per cent nitrogen. Make a second application in mid-October. It is not necessary to rake up and remove dying crabgrass and knowweed to promote bluegrass spread. Fertilizing is often more effective than reseeding an established lawn to develop a thick attractive turf.

**Home Grown Pointsettia**  
If you kept the gift poinsettia from last winter, then late August is the time to start new cutting. Old plants are so large and woody they are not very responsive to severe pruning, but new cuttings will make ideal plants if properly managed. Five or six inch cuttings can be rooted in pots of sterilized soil. (Sterilize moist soil and pot in oven at 200° for one hour.) Cover the cuttings and pot with a plastic bag and keep in a bright location. The new plant should be rooted in three weeks. The secret to flowering poinsettia is short days during the fall period. Local florists can give you details on shading.

**Yellow Marigolds**  
Have you noticed some of your marigolds developing a peculiar yellow color? The foliage an off-colored yellow-green as well as the flowers? These plants have become infected with aster yellow virus which kills marigolds and asters. Other garden flowers may show this same disease, but are not as susceptible. The virus is spread by leaf hoppers, and can be controlled only by early season spraying to control the hoppers. Diseased plants are a hazard to nearby healthy plants, and should be removed.

Late summer pruning of shrubs is usually beneficial, but quite different from severe pruning (cutting back) to reduce size. Late summer pruning to remove old wood is good recreation for home gardeners, and usually improves the quality of next year's flowers. But severe pruning of hedges and landscape shrubs to half of their original size during August is an invitation to disaster. It isn't a matter of immediate survival, but more a question of winter survival. This early pruning date stimulates vigorous fall growth and delayed maturing for winter. An early freeze, or even a normal winter is likely to cause severe winter injury or complete killing. Strawberry plants develop next year's flowers in late August and September, reports Chris Doll, Area Horticulturist, Edwardsville. Adequate moisture and extra fertility provide

## Capt. Wolff, Native of GC, Aiding Vietnam Civilians

Capt. Allen P. Wolff, a 1958 graduate of Granite City high school, has a rough and demanding job as commanding officer of the 25th medical dispensary in Long Binh, Vietnam, but he has found enough spare time to team with another Army medical officer in opening a new world of sound and productivity for a few deaf-mute Vietnamese civilians.

Through the efforts of Capt. Wolff and Major Donnell Lawrence (Oakland, Calif.), 12 Vietnamese civilians have been fitted with hearing aids over the past six months.

Though this may sound relatively modest, the doctors say it is a start, and they are hopeful that private donations will enable the program to expand beyond its present size. Earlier it seemed that even a program of the present size was doomed to failure.

Late last year, the doctors, both Ear, Nose and Throat Specialists, became distressed over what they considered a serious omission from the U. S. Government's aid to Vietnamese civilian programs—that there was no agency to help the deaf.

Capt. Wolff and Major Lawrence felt strongly about the need for such a program because they noticed that the deaf were treated as social outcasts in Vietnam and found it extremely difficult to lead productive lives.

The doctors did what they could on their own to outfit patients with hearing aids, but soon ran short of funds. Capt. Wolff wrote of his difficulties to his father, Harry Wolff of National Auto Parts, 1845 Madison avenue.

Through a clerk in his business, Mr. Wolff contacted Wiley Petty, president of the Petty-Klein Hearing Aid Co. in St. Louis, who donated more than \$1000 worth of hearing aids.

Mr. Petty is currently making arrangements through the Missouri Hearing Aid Society, of which he is treasurer, to send 100 more cord-type hearing aids to Vietnam.

The hearing aids seem nothing less than "miracles" to the Vietnamese people, the doctors report.

"We are in the process of fitting the aid to a deaf girl from a relocation village near Kim. I guess the girl is about 20 but she never had a name and her parents have 'forgotten' her age because the farmers here believe a deaf mute child is bad luck," wrote Maj. Lawrence to Mr. Petty.

"She never heard a thing until we tested her with the audiometer and you should have seen her eyes light up," Capt. Wolff added.

Though both doctors are due to leave Vietnam in a few days, they hope to return soon.

CAPT. ALLEN WOLFF

back home shortly, they look for a continuation or even an expansion of the hearing aid program. We hope to continue the program through our successors. We will be acting as liaisons at home to insure the procurement of hearing aids and component parts," he commented.

Capt. Wolff is the grandson of Mrs. Sadie Zimring, 1843 Madison avenue. He has been in Vietnam for 11 months, will return to Camp Polk, La., on Sept. 27. His father said the captain is considering going into practice in Granite City after he is released from the Army and completes his residency at Barnes Hospital, St. Louis.

## JOSEPH D. WETTON Retires as IVC Service Officer

Joseph D. Wetton, county service officer for the Illinois Veterans Commission, is retiring after 12 years on the IVC staff here. His retirement is effective Oct. 1.

As he is beginning his vacation, his last day on duty at his office in the city hall in Granite City will be tomorrow. Fulfilling his duties until a permanent successor is appointed will be Miss June Casey of Cairo, itinerant secretary for the southern IVC division.

Wetton received his appointment to work for veterans, widows and orphans through Tri-City Post 113 of the American Legion, and the position has been placed under the state civil service code during tenure.

He is an Army veteran of world war two. He was born in Dover, Tenn., where he was graduated from high school, and later was a tool specialist in Cleveland, O. But a fractured hip forced him to give up his trade.

Wetton and his wife, Olga, reside at 2944 Oregon avenue. He is not yet certain if he will remain in Granite City, but remarked that "I plan to do a lot of fishing and run my hounds."

WHAT WILL YOU DO WITH YOUR FORTUNE?

Figures it up. By the time you're 65, you'll have earned a big fortune. But you'll probably have spent most of it. Too. So, between now and then, you should provide for an income upon reaching retirement age, plus protection for your family. If you should die before then, so our retirement plans are designed to equalize both for as little as \$1 a week. Sealy Posturepedic®  
...for active people  
in all walks of  
life...it gives the  
kind of firm  
support you may  
prefer, too

SECRETARY,  
Ruth Augustine

...sits at a desk 5 days a week (except when she stops to open that bottom file). Likes to swim, skate and ski. She's sold on firm Posturepedic support.

CONSTRUCTION  
WORKER,  
Jack Devlin

...lifts weight, plays a mean game of handball. Strong as a bull yet suffered with morning backache from sleeping on a too-soft mattress. That's when he switched to Posturepedic.

GROCERY MAN,  
Bill Fisch

...bends a lot—putting up stock, unloading produce. Now he sleeps on a Posturepedic. He occasionally complains about the potato salad... but never a peep about morning backache.
